

RESOLUTION NO. 25-09

A RESOLUTION REQUESTING THE ILLINOIS ATTORNEY GENERAL TO INVESTIGATE SODIUM CHLORIDE (ROAD SALT) PRICES

WHEREAS, the Village of Lombard depends upon sodium chloride (“Road Salt”) to maintain the safety of public sidewalks and roadways during periods of snow and ice; and

WHEREAS, the Village of Lombard, and other Northeastern Illinois communities critical to the economic success of the region, participated in the State’s joint purchasing program for Road Salt, and either received no bid, or an extraordinarily high bid, pursuant to the State of Illinois’ solicitations for Road Salt delivery; this was despite Illinois’ initial bid closing date having been consistent with those states having received reasonable bids; and

WHEREAS, 2008/2009 bid tabulations for Road Salt delivered in our region, including 70 Wisconsin counties participating in the State of Wisconsin bid, and 277 Michigan local governments participating in the State of Michigan bid, reveal average Road Salt prices of \$49.85 and \$45.26 per ton, respectively, while Northeastern Illinois communities are receiving prices for “unlimited quantities” as high as \$232.00 per ton; and

WHEREAS, the salt industry’s position – that such dramatic increases for delivered product result primarily from increased diesel fuel costs – is clearly not supported by the facts; and

WHEREAS, average diesel fuel prices have increased approximately 36% over the past year, while 2008 bids for delivered Road Salt show an increase of as much as 570% over last year’s Illinois state contract of \$40.69 per ton; and

WHEREAS, the industry leader, Salt Institute, reports that 2006 and 2007 bulk Road Salt prices, excluding transportation costs, were \$25.37 and \$28.92 per ton, respectively, but this year’s bulk prices are as high as \$82.00 per ton, an amount more than 280% higher than last year; and

WHEREAS, at the same time, publicly traded salt companies have recently reported second quarter profits for the first time in their histories; and

WHEREAS, record high prices and corporate profitability, in combination with apparent market concentration at all levels of the industry, demand that salt companies be investigated regarding illegal collusion, price-gouging, price-fixing and other anti-competitive activities;

NOW, THEREFORE, BE IT RESOLVED, by the President and Board of Trustees of the Village of Lombard, DuPage County, Illinois, that the Village of Lombard hereby requests that the Illinois Attorney General take immediate steps to initiate an investigation into price manipulation and anti-competitive activities by salt companies in violation of the laws of this State and the United States.

BE IT FURTHER RESOLVED that the Illinois Attorney General's Office report to all Illinois municipalities said Office's findings relative to the subject matter of this Resolution, and, upon any finding of wrong doing, prosecute the companies/individuals involved, on behalf of the State and its citizens.

BE IT FURTHER RESOLVED that the Illinois Attorney General seek the participation of the attorney generals of other states to join with Illinois in this investigation, and any legal action to recover the costs of prosecution and price manipulation on behalf of their states and citizens.

BE IT FURTHER RESOLVED that certified copies of this Resolution shall be sent to those Illinois State Senators and Illinois State Representatives who represent portions of the Village of Lombard, as well as the Metropolitan Mayors Caucus.

BE IT FURTHER RESOLVED that this Resolution shall be in full force and effect from and after its adoption and approval as provided by law.

ADOPTED this 18th day of September, 2008, pursuant to a roll call vote as follows:

AYES: Trustees Gron, Tross, O'Brien, Moreau, Fitzpatrick and Soderstrom

NAYS: None

ABSENT: None

APPROVED by me this 18th day of September, 2008.

William J. Mueller, Village President

ATTEST:

Brigitte O'Brien, Village Clerk
