Subject: Wavier of bids for Area Reflective Crack Control Treatment

---

Included in the FY2012 budget for Capital Improvement Projects Streets Maintenance was the use of Area Reflective Crack Control Treatment on certain streets during the FY2012 In-house Grind and Overlay Program. PW has investigated suppliers of this product including installation in the Chicago area. There are only two suppliers in the Chicago area for this product and both materials meet IDOT specifications. PW requested quotes from both suppliers for the FY 2012 project. The Village received proposals as summarized below:

Tru-Seal, Inc., Barrington, Illinois	\$58,987.64
Road Fabrics, Inc., Carol Stream, Illinois	Non-Responsive

Due to the timing of the In-house Grind and Overlay Program and the Village Board of Trustees summer hiatus, PW Staff will be conducting a phone poll of the Board with a ratification of the vote being placed on the August 18, 2011 agenda. Therefore, PW is requesting a waiver of bids and an award of a contract to Tru-Seal, Inc. in the amount of \$58,987.64 to supply and install the Area Reflective Crack Control Treatment on selected streets as part of the In-House Grind and Overlay Program for FY2012. Tru-Seal, Inc. was awarded the contract for the FY 2011 program through a competitive proposal process, whereby they submitted the lowest proposal.

Please place this item on the Village Board agenda for August 18, 2011.
