

VILLAGE OF LOMBARD
REQUEST FOR BOARD OF TRUSTEES ACTION
For Inclusion on Board Agenda
Bids and Proposals

TO : President and Village Board of Trustees
FROM : David A. Hulseberg, Village Manager
DATE : July 9, 2013 Agenda Date August 15, 2013
TITLE : Bid Opening For: Ambulance Re-Chassis
SUBMITTED BY: John L. Mannino, Fleet Supervisor *JLM*

RESULTS:

Date Bids Were Published _____
Bidding Closed _____
Total Number of Bids Received _____
Total Number of Bidders Meeting Specifications _____
Bid Security Required _____ Yes No
Performance Bond Required _____ Yes No
Were Any Bids Withdrawn _____ Yes No
Explanation:
Waiver of Bids Requested? _____ X Yes _____ No
If yes, explain: Sole Vendor.
Award Recommended to Lowest Responsible Bidder? _____ X Yes _____ No
If no, explain:

FISCAL IMPACT:

Engineer's estimate/budget estimate \$ 151,000
Amount of Award \$ 115,329

BACKGROUND/RECOMMENDATION:

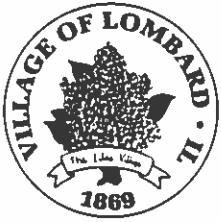

Staff seeks Board approval to award a contract to Foster Coach of Sterling (IL) to re-chassis an ambulance.

Has Recommended Bidder Worked for Village Previously Yes No
If yes, was quality of work acceptable Yes No
Was item bid in accordance with Public Act 85-1295? Yes No
Waiver of bids - Public Act 85-1295 does not apply Yes

REVIEW (as needed):

Village Attorney XX _____ Date _____
Finance Director XX _____ Date _____
Village Manager XX _____ Date _____

NOTE: All materials must be submitted to and approved by the Village Manager's Office by 4:30 pm, Wednesday, prior to the Board Agenda distribution.

To: David A. Hulseberg, Village Manager
Through: Carl S. Goldsmith, Director of Public Works *CSG*
From: John L. Mannino, Fleet Supervisor *JLM*
Date: July 9, 2013
Subject: FY14 New Vehicle Purchase, ALS Ambulance Re-Chassis

The Fire Department's unit # FM61, a 2006 Horton ALS ambulance, will be 8 years old next year reaching the Village's scheduled life cycle. It also has a problematic 6.0 liter diesel engine with high maintenance costs. In an effort to lower costs the FY14 budget includes the re-chassis of unit FM61. By replacing only the chassis and re-using the ambulance module (box where the patient rides) the Village will be saving approximately \$43,671 or 28%.

New vs Re-Chassis Cost Comparison

| | New Ambulance | Re-Chassis |
|---------------|-------------------|------------------|
| Cost | \$171,000 | \$115,329 |
| Salvage Value | <u>(\$15,000)</u> | <u>(\$3,000)</u> |
| Net Cost | \$156,000 | \$112,329 |
| Savings | \$43,671 | or 28% |

The total cost of the re-chassis with some module upgrades such as LED lighting, re-paint and new interior upholstery is \$126,064 if the work is done at the Horton Ambulance factory in Ohio. However the cost drops to \$115,329 if the work is done by the factory authorized Horton dealer in our area, Foster Coach of Sterling (IL).

Since it can take up to 9 months for delivery of a new chassis and this type of work has to be scheduled well in advance we need BOT permission now for this purchase so we can take delivery of this ambulance in 2014. Attached is an itemized list of the work to be performed as well as the quote from Foster Coach for \$115,329. We have \$151,000 in reserve for this purchase. We will also see additional funds from the sale of our old chassis which will have an approximate value of \$3,000.

I recommend the BOT waive bid and award a contract to Foster Coach of Sterling (IL) in the amount of \$115,329 for one new ALS ambulance re-chassis per the attached proposal. Please submit this item to the Village Board for their consideration at the August 15, 2013 meeting.
