SUBJECT: Downtown Lombard Sidewalk Project – Site Furnishings

BACKGROUND

The 2023 Capital Improvement Plan included funding for the rehabilitation of the sidewalks in the Downtown TIF area. The work is currently underway and is expected to be completed in three (3) phases throughout the summer. To minimize the impact on businesses and allow for annual downtown events to take place, work will take place in three (3) phases as follows:

- Phase 1 (April 17 - June 15): North side of St. Charles Rd. from Elizabeth St. to Main St.
- Phase 2 (June 16 - August 27): St. Charles Rd. from Main St. to Craig Place
- Phase 3 (August 28- October 29): South side of St. Charles Rd. from Elizabeth St. to Main St.

Included in the project, but not part of the construction contract awarded to RW Dunteman is the replacement of the site furnishings in the project area. The existing site furnishings are in poor condition and were due for replacement prior to the project. Staff has identified more appropriate locations for refuse containers and benches that take into account accessibility, locations of the items relative to businesses and future improvements in the corridor. Staff has identified twenty-five locations for refuse containers and 22 locations for benches. Additional locations and amenities may be added in the future, as well as in conjunction with the improvements that will occur on S. Park Avenue in 2024 as part of the pedestrianization project.

Staff sought proposals from vendors of high-quality steel site furnishings for the project. Pricing was sought from NuToys Leisure Products for Dumor 6' backless benches Model 92 and 32 gallon steel refuse Model 102 Receptacles. Images of the models can be found below.

The Village also sought pricing from Belson Outdoors for Lemars Series 6' benches and 32-gallon trash receptacles. Images of the models can be found below.

The pricing for the products including shipping is summarized below:

Manufacturer	Bench Price	Refuse Container Price	Shipping	Total Proposal
Dumor	\$30,404.00	\$53,725.00	\$7,360.00	\$91,489.00
Belson	\$43,076.00	\$35,725.00	\$3,094.12	\$81,895.12

In evaluating the proposals, staff evaluated the quality of the products as well as the ability to obtain coordinating products that will be used in the future. The S. Park Avenue project anticipates the need for bollards, as well as planters. The planters may be added to the St. Charles Road corridor for the 2024 season. Dumor offers coordinating bollards and planters that would allow a more cohesive appearance within the corridor, whereas Belson does not have matching components. As such, staff is recommending that the Village accept a proposal from NuToys Leisure Products for 22 benches and 25 refuse receptacles to be installed in the St. Charles Road corridor. An additional order will be placed once the design is finalized for the S. Park Avenue project. The delivery time is 8-10 weeks for the products. The installation will be handled by Village personnel upon the completion of the sidewalk project.

Should you have any questions, please feel free to contact me. Staff requests that this item be placed on the Village Board agenda for the May 18, 2023 meeting.

RECOMMENDATION

Staff recommends that the Village President and Board of Trustees waive the competitive bidding requirements and authorize the Village Manager to execute a proposal from NuToys Leisure Products for site furnishings for downtown Lombard in the amount of \$91,489. This purchase will be made with Downtown TIF Funds.
