Subject: Wavier of bids for UPM Cold Patching Material

Due to the amount of patching this winter with the freeze and thaw process and Water main Breaks requiring patching we have exceeded the \$20,000.00 cap on Village Manager's approval for UPM Patching Material purchased through Arrow Road Construction. PW has investigated other suppliers of UPM Patching Material in the Chicago area and the closest is located in Springfield. PW has been using UPM for the past 6 years with no issues, this material stays in the hole for a longer period of time once it is tamped in place.

Therefore, PW is requesting a waiver of bids and award of a contract to Arrow Road Construction to continue supplying UPM Patch Material for FY 2011 in the amount not to exceed \$30,000 which includes the \$13,000 already approved and an additional \$17,000.00.

Please place this item on the Village Board agenda for March 3, 2011.
