David A. Dratmol, P.E., Village Engineer

From:

April 8, 2008

Date:

22nd Street (Highland - Fairview)

Subject:

Permanent Easement

The Engineering Division of Public Works (PW-Engineering) has been working with the Village Attorney to secure the permanent easement for the pedway that was constructed on the south side of 22nd Street as part of the roadway improvement project back in 2002/2003. Preceding construction, during construction and for a long period afterwards, PW-Engineering was unsuccessful in dealing with the building property management company and the property owners. Property management and ownership changed multiple times and only recently has the Village Attorney's office been able to secure all the necessary signatures from the legal representatives of the current property owner.

Please present this item to the President and Board of Trustees for their review and approval at their regular meeting on April 17th, 2008.
