MEMORANDUM

TO: President Keith T. Giagnorio and Village Board of Trustees

FROM: Scott R. Niehaus, Village Manager

MEETING DATE: February 3, 2022

SUBJECT: **2020 CENSUS - TRUSTEE REDISTRICTING ORDINANCE**

Per the direction of the Village Board, and pursuant to State Statutes and the tabulated 2020 United States Census data, please find a draft Ordinance amending the geographical boundaries of the Village of Lombard Trustee Districts.

BACKGROUND

The United States Census Bureau completed its decennial population tabulations in the Village last Summer. As required by State Statutes, “The Board of Trustees by ordinance shall divide, and whenever necessary thereafter, shall redistrict the village into six compact and contiguous districts of approximately equal proportion as required by law.”

Based upon the current trustee districts, as established in 2012, the following population distribution is offered:

2020 Census Population within Current Trustee Districts			
Trustee District	Population	Percentage of Overall Village Population	Percentage Above/Below Median
District 1	7,504	16.9%	0.21%
District 2	6,941	15.6%	-1.06%
District 3	8,526	19.2%	2.50%
District 4	7,182	16.1%	-0.52%
District 5	6,978	15.7%	-0.98%
District 6	7,328	16.5%	-0.19%
Total Population	44,476		

Due to substantial population growth in District 3, its total population exceeds the 10% maximum allowable deviation allowed for a district. For this reason, the Village Board is required to consider new district boundaries that more evenly distribute the population. State law also requires that “...this redistricting shall be completed not less than 30 days before the first day for the filing of nominating petitions for the next succeeding election of village officers held in accordance with the general election law”, which in this case would be August 18, 2022.

The redistricting topic was introduced to the Village Board as part of a December 2, 2021 Special Meeting. Through this review effort, the Village Board provided direction as to how they would like to proceed with the redistricting effort. The culmination of this effort is shown on the attached maps and as further set forth in the attached Ordinance. The redistricting effort includes a few key stated objectives:

1. The Districts meet the requisite goal of more even population distribution amongst the six Districts, as set forth below:

District	Population	+/- Residents	+/- Percentage
District 1	7,796	+383.3	+5.2%
District 2	7,247	-165.7	-2.2%
District 3	7,678	+265.3	+3.6%
District 4	7,199	+213.7	+2.9%
District 5	7,482	69.3	0.9%
District 6	7,074	-338.7	-4.6%
Total Pop:	44,476		
High District:	District 3	7,796	Residents
Low District:	District 2	7,074	Residents
Deviation		722	Residents
Maximum Deviation %		9.74%	<i>(Must be under 10%)</i>

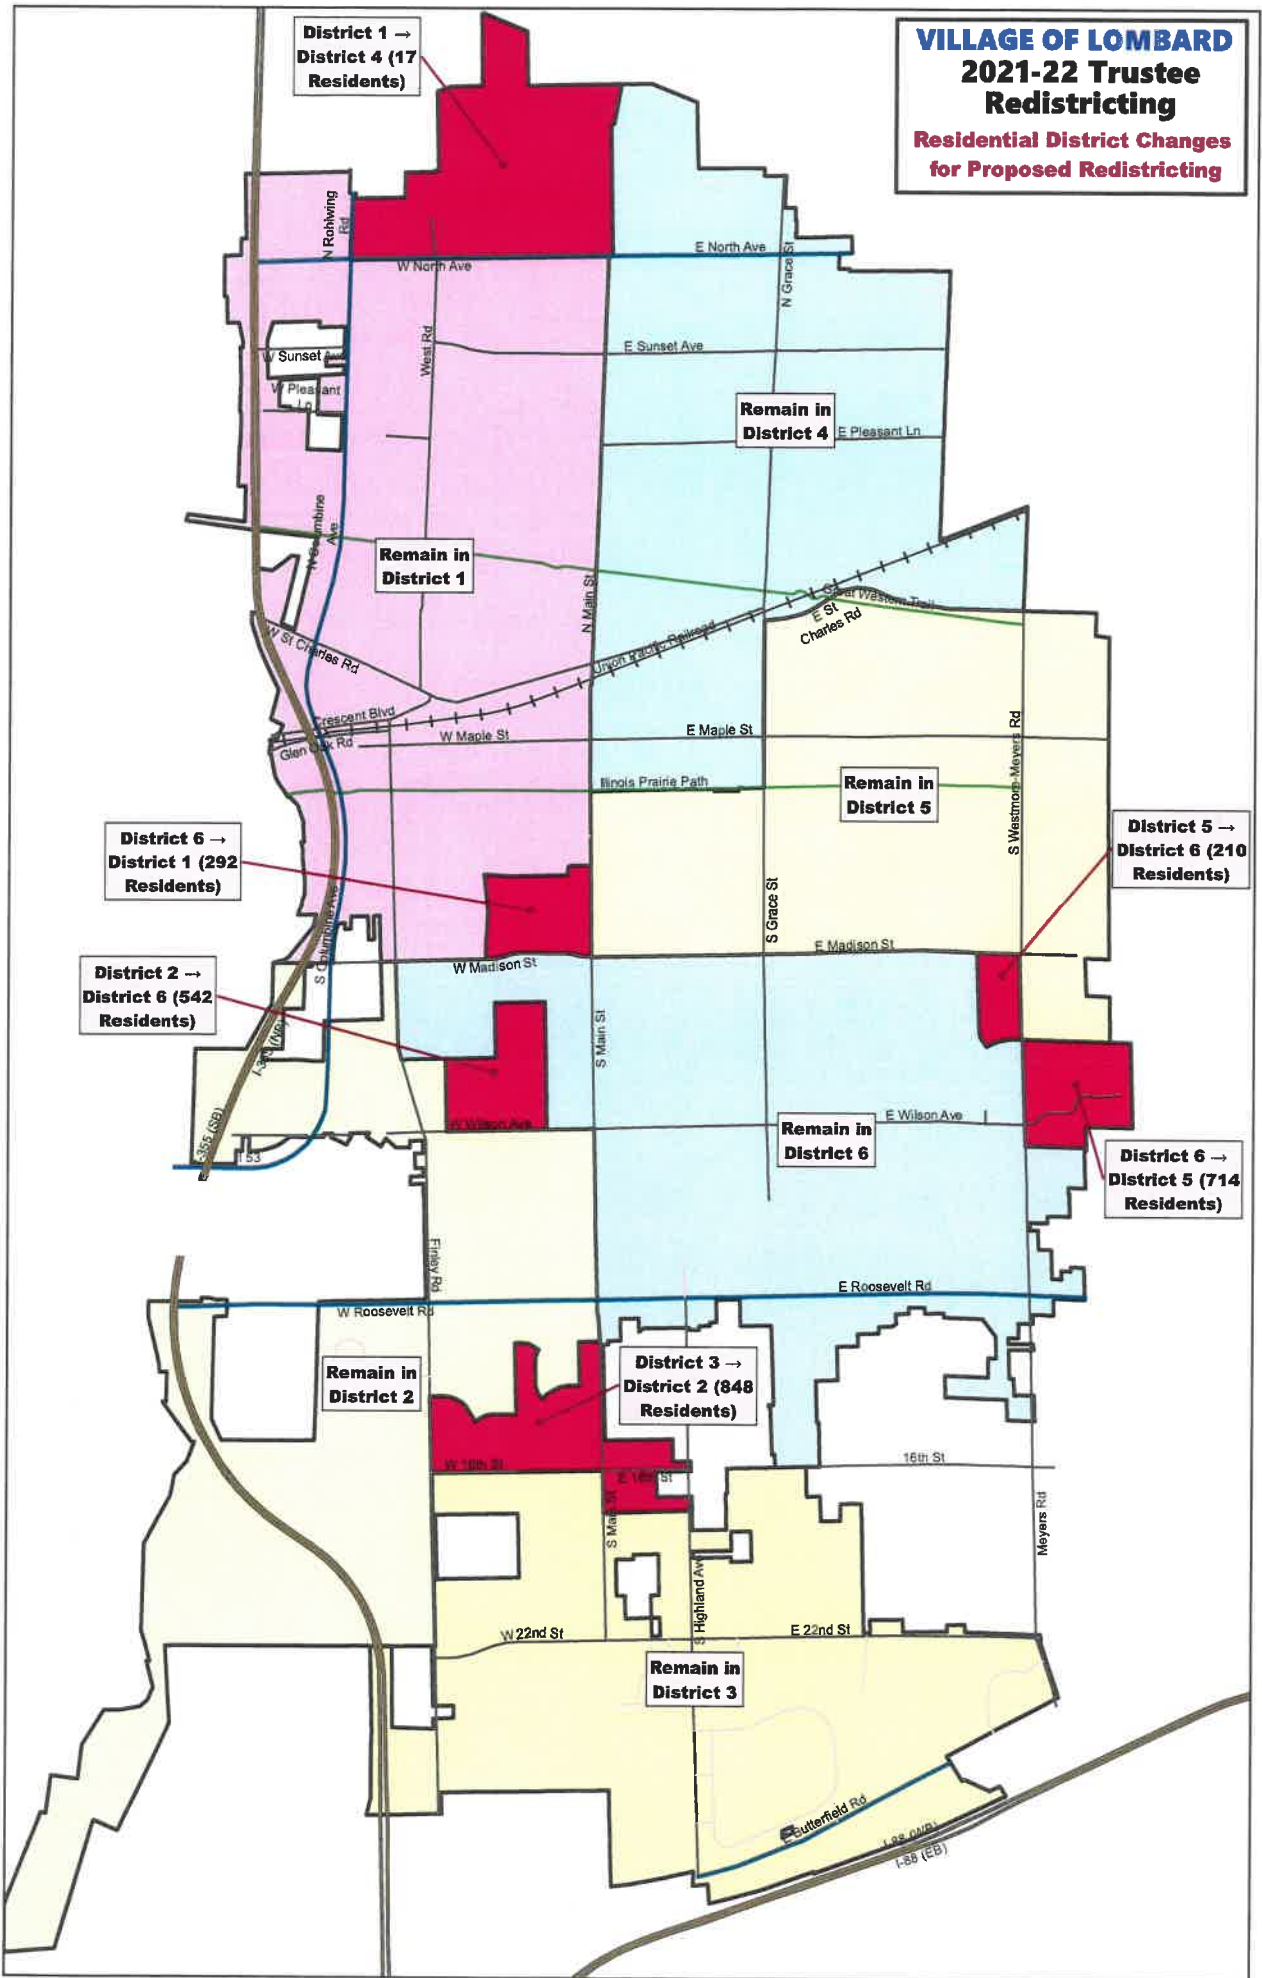

2. The redistricting meets the goal of minimizing the fewest number of residents (2,643 or only 5.9% of the overall Village population) that would be displaced from their existing districts. An attached map shows the location and level of displacement.
3. The proposed districts attempt to keep neighborhoods together and utilize key streets as the geographical boundaries to the greatest extent possible.
4. This effort also has an advance public communications component.

- a. A Press Release was released on January 18 explaining the redistricting effort, which was carried by the Daily Herald in their January 19 edition;
- b. The Village's web site has a dedicated page explaining the process, includes the relevant maps and a Frequently Asked Questions (FAQ) sheet about the process; and
- c. Social Media communications were also undertaken on the Village's Facebook page, which also included links to the Village's website.

ACTION REQUESTED

Attached is an Ordinance amending Section 30.07 of the Village Code to reflect the proposed Village Trustee redistricting effort for consideration and approval on First Reading at the February 3, 2022 Village Board meeting.
