Subject: FY15 Vehicle Replacements

---

The PD has three Expeditions used by police patrol supervisors (units 791, 792, 793). These vehicles were scheduled to be replaced over the next three years (2015, 2016, and 2017 respectively) however we have a problem with unit 793 (2008 Expedition 54,000 miles) that requires immediate attention. It has been determined the engine is failing. It loses power when hot due to internal engine knock. The only fix is to replace the engine at a quoted cost of \$8,300. This repair would exceed the value of the vehicle so it would be my recommendation to replace it at this time.

Although the Expedition has the size the PD needs to support the patrol supervisors it does not hold up to the severe duty use the PD puts it through. It is simply not built to the standards of a dedicated pursuit vehicle. This is the second engine failure we have had in an Expedition being used by the PD. Therefore, I would also recommend replacing the other two Expeditions at this time (791 and 792). Both are 2008 model year and have 70,000 and 90,000 miles respectively.

The vehicle that has the size and durability the PD needs would be the Ford Interceptor Utility. These are the pursuit rated AWD vehicles we have been purchasing for Patrol use. These vehicles will also save approximately \$1,600 in fuel per car annually when compared to the Expeditions. I have attached a spreadsheet detailing how we would like to change the PD fleet going forward to make it more efficient. Replacing these Expeditions is part of that plan.

In addition to the Expeditions there are five more vehicles in the FY15 budget that are scheduled to be replaced with the Ford Interceptor Utility. Since the lead time for the Interceptors is approximately four months staff would like to order all the Interceptors at this time. Below is a summary of the vehicles that staff is asking to be replaced with Interceptor Utilities;

Unit #	Description	Mileage	Reserve	Estimated Salvage	Vehicle Cost	Fiscal Impact
PI188	2006 Chevy Impala	77,009	\$26,000	\$3,000	\$29,881	-\$881
PP712	2005 Crown Vic	69,308	\$27,000	\$3,000	\$29,881	\$119
PP735	2010 Crown Vic	81,365	\$26,000	\$3,000	\$29,881	-\$881
PP736	2010 Crown Vic	89,609	\$26,000	\$3,000	\$29,881	-\$881
PP738	2010 Crown Vic	83,765	\$24,500	\$3,000	\$29,881	-\$2,381
PP791	2008 Expedition	89,165	\$24,000	\$6,200	\$29,881	\$319
PP792	2008 Expedition	68,640	\$23,724	\$6,200	\$29,881	\$43
PP793	2008 Expedition	53,984	\$28,512	\$6,200	\$29,881	\$4,831
			<b>\$205,736</b>	<b>\$33,600</b>	<b>\$239,048</b>	<b>\$288</b>

The Ford Interceptor Utility is available for joint purchase through the Suburban Purchasing Cooperative (SPC). The current contract winner for the SPC is Currie Motors of Frankfort (IL). The Interceptor Utility with the ready for the road package cost \$29,881 each or \$239,048 for all eight. As you can see from the table above we have enough funds (reserve plus salvage) for this purchase however we will need additional funds to set-up the two Expeditions that were not budgeted for (set-up includes light bar, console, computer mount, rear storage unit etc...). These set-up parts are budgeted for in the Fleet parts account and since we were planning on replacing only one of these Expeditions in FY15 only \$6,000 was budgeted. We would need an additional \$12,000 in parts to set-up the two additional vehicles however some of this shortfall would be offset by fuel savings.

I recommend the B.O.T. award a contract to Currie Motors of Frankfort (IL) in the amount of \$239,048 for eight new Ford Police Interceptor Utilities. I also recommend declaring Village unit numbers 188, 712, 735, 736, 738, 791, 792 and 793 as surplus per the attached ordinance and authorize their sale at public auction. Please submit this item to the Village Board for their consideration at the October 16, 2014 meeting.
