Subject: FY14 Vehicle Replacements

Included in the FY14 budget is the replacement of two Police Department squad cars, one used for patrol and one used as the K-9 unit. The current patrol car is a Ford Crown Victoria and the current K-9 car is a Ford Expedition. The Police Department would like to replace both of these vehicles with the new generation Ford Police Interceptor Utility (SUV body style). The PD has found the utility suits their needs better than a sedan because of the larger interior space. The utility is about \$1,600 more than the Ford Police Interceptor sedan but the PD feels the extra space is essential. We currently have six of these new generation squads, five utilities and one sedan. Only one sedan and one utility has been in service long enough to measure fuel efficiency and so far both are equal at approximately 20% better fuel efficiency than a Crown Vic.

The Ford Interceptor Utility is available for joint purchase through the Suburban Purchasing Cooperative (SPC). The current contract winner for the SPC is Currie Motors of Frankfort (IL). The cost for the patrol vehicle is \$28,372. The cost of the K-9 vehicle is slightly higher (\$1,071 more or \$29,443) because it requires rear air conditioning and a rear view camera. The rear air is necessary to keep the dog cool and the rear camera helps eliminate the blind spot caused by the K-9 cage. The total cost for both vehicles is \$57,815. The amount in reserve for these vehicles is \$55,000 plus we will see additional proceeds from the sale of the replaced vehicles.

I recommend the B.O.T. waive bid and award a contract to Currie Motors of Frankfort (IL) in the amount of \$57,815 for two new Ford Police Interceptor Utilities. Please submit this item to the Village Board for their consideration at the November 21, 2013 meeting.
