Subject: FY 2011 Preservative Surface Treatment Program M-11-04

The Preservative Treatment Program is a designed to extend the life of asphalt pavements. This program involves specialty products and a limited number of contractors. The PW Engineering Division researches the market on available products and contractors at the end of each winter.

For the Preservative Surface Treatment Program, only two products meet the surface treatment criteria. One product is not distributed in Illinois. The other product, Reclamite, has only one supplier/applicator (CAM, LLC of South Roxana, IL) in the metropolitan Chicago area. Because of the successful performance of the contractor in past years and the special nature of the work, the PW Engineering Division requested a proposal from CAM, LLC for the FY 2011 Preservative Surface Treatment Program.

The Preservative Surface Treatment Program is programmed in the FY2011 CIP. The budgeted amount for this program is \$70,000.00.

An evaluation of the proposal is summarized below:

NO	ITEM	QUAN	UNIT	CAM, LLC		TOTAL	UNIT PRICE	TOTAL	UNIT PRICE
				FY2011	FY2010

				Total Price Based on FY2011 Quantities		\$69,020.00	\$60,262.00	\$69,020.00	\$64,380.00
				PERCENT INCREASE OVER PREVIOUS YEAR		7.21	6.83		

The contract documents identify that the awarded contract will be based on the Village's budget of \$70,000.00. Work will be performed on a work order basis. Payments to the Contractor will be based on the actual work performed at the awarded contract unit prices. The Engineering Division recommends awarding this contract to CAM LLC, in line with the FY2011 budget for the amount of \$70,000.00.

Please present this item to the President and Board of Trustees for review and approval through a phone poll to be ratified at the next regularly scheduled meeting. If approved, please return three (3) executed copies of the contract to PW Engineering for further processing.
