Subject: **2005 Community Forum**

On October 4, 2003, 48 citizens and representatives from various community groups and agencies came together at the Lindner Conference Center to participate in Lombard's first Community Forum. The purpose of the Community Forum was to gather input from the attendees on what they like about Lombard and, from their perspective, what issues face us in the future. Ideas and impressions from the Community Forum were thereafter discussed during the Village's annual strategic planning session and, in part, incorporated into the Strategic Plan.

It was decided that Lombard should convene future Community Forms every other year. The purpose of this memorandum is to outline a process for the 2005 Community Forum.

Wrap Up and Impressions

Process for the Community Forum

Participants will work in groups. A department head, a member of the Village Board, or both, will facilitate each group. Each group will report back to the whole group at various times during the morning. Staff will consolidate the information into a document that will be distributed at a later date to the participants and will be used by the Board of Trustees during its annual strategic planning session. The list of issues will be discussed and prioritized by the Board of Trustees at its strategic planning session.
