Date: March 14, 2014
Subject: FY14 New Vehicle Purchase

At the FY14 vehicle review meeting we decided to sell the Fire Department's public education van (unit # FP84 2001 Ford E-150) because it had high maintenance costs. Since then FP84 has been sold and was not replaced because this van got limited use in its duties. The Fire Department need arises from the use of oversized material for the Pub Ed function. There are no vehicles within the FD fleet that will support this function. Since the Fire Department still needs a vehicle for Pub Ed staff would like to transfer a van (unit #WM492 2008 Ford E-150) from PW Water Meters Division to fill Fire's needs. Staff would then like to replace unit #WM492 with a new more fuel efficient Ford Transit Connect. Based upon the more fuel efficient vehicle for the Water Meter function the Village will save approximately \$2,500 annually.

The budgeted amount we have in reserve for this purchase is \$20,000 and we received \$3,686 from the sale of the old Pub Ed van (unit #FP84) at auction. The new Transit Connect is available for joint purchase through the SPC. The current SPC contract winner for this type of vehicle is Currie Motors of Frankfort (IL). The price of the vehicle with options is \$21,902.

I recommend the B.O.T. waive bid and award a contract to Currie Motors of Frankfort (IL) in the amount of \$21,902 for one new Ford Transit Connect as optioned. Please submit this item to the Village Board for their consideration at the March 20, 2014 meeting.
