Subject: No Parking on North Garfield Street

The Village received a request to correct the "No Parking" signs for the west side of North Garfield Street. There are two ordinances that covered the "No Parking" for the west side of Garfield Street. To correct the confusion and add some additional parking at the north end of Garfield Street the following changes will be needed:

SCHEDULE VII – PARKING PROHIBITED AT ALL TIMES ON CERTAIN STREETS		
In accordance with Section 10-13-6 and when signs are erected giving notice thereof, no person shall, at any time, park a vehicle upon any of the following streets or parts of streets:		
Name of Street	From	To
Delete: Garfield Street, west side	A point 440 feet north of the north curb line of Progress Road	A point 500 feet north
Delete: Garfield Street, west side	A point 740 feet north of the north curb line of Progress Road	A point 1285 feet north
Add: Garfield Street, west side	A point 440 feet north of the north curb line of Progress Road	A point 820 feet north

At the April 7, 2008 Transportation and Safety Committee meeting, staff was directed to survey the affected business owners of the proposed change. On May 27, 2008, the attached survey and map were mailed. The results of the survey, tabulated today, revealed an overwhelming indifference to the proposed modification. Staff recommends modifying the North Garfield Street parking zones as presented.

This item will be on the August 4, 2008 Transportation and Safety Committee agenda. The meeting is held at the Village Hall in the Community Room at 7:00 PM. This is a public meeting and public participation is encouraged.

Subject: No Parking Areas on North Garfield

Dear Business Owner:

As you may be aware, the Village is considering modifying the "No Parking" areas on North Garfield Street. Attached is a map depicting the proposed areas to be posted "No Parking". We are currently seeking input from effected businesses. One issue to consider when reviewing the information is the possibility that if a vehicle parks in the cul-de-sac, it would create a situation of semi tractor trailers having to back up to make the turn.

Comments may be directed to the Public Works Department by calling 630-620-5740 or by email at publicworks@villageoflombard.org.

Best Regards,

David P. Gorman, PE
Acting Director of Public Works
