DATE: November 9th, 2017 (COW) (B of T) **Date:** November 16th, 2017

TITLE: Recommendations from the Public Safety and Transportation Committee

SUBMITTED BY: Sergeant Joseph Grage, Police Department

BACKGROUND/POLICY IMPLICATIONS:

Request for Speed Limit Reduction: Grace Street from Madison Street to Maple Street

On September 27th, 2017 the police department received a resident request to reduce the speed limit on Grace Street near her home from 30 MPH to 25 MPH. The police department performed a traffic study pursuant to that request. The traffic study included the following factors: 85th percentile speed, average speed, 10 MPH pace speed, number of crashes, number of access conflicts (driveways and intersections), pedestrian activity, and the presence of parking adjacent to traffic lanes. The results of the traffic study supported the resident request to alter the speed limit on Grace Street from Madison Street to Maple Street to 25 miles per hour. The matter was heard before the Public Safety and Transportation Committee at their monthly meeting on November 6th, 2017. The committee voted to recommend the alteration of the speed limit based on staff's attached recommendation.
