Memorandum

To: Scott Niehaus, Village Manager

Through: Carl Goldsmith, Director of Public Works *CG*

From: Tom Ellis, Operations Superintendent *TE*

Date: May 10, 2023

Subject: Street Light Pole Replacement.

The Public Works Street and Electrical Group is requesting to purchase 20 street light poles and 6 light fixtures to replenish stock and replace additional light poles that were taken down due to severely deteriorated condition. Currently we don't have poles in stock and have six locations that are waiting for pole replacement. This order will allow for the replacement of all the currently missing poles and allow for material in stock to replace poles as needed in the future in a timely manner. Five of the six locations needing a pole replacement are due to a vehicle crashes. Quotes were requested for the two approved vendors for this style of pole and fixture. StressCrete, which was quoted through their manufacture rep The Will Group, was the lower of the two quotes.

The results are below:

KSA Lighting Itaska, IL	Sternbuerg/Ameron Poles	\$48,634.00
The Will Group Wheaton, IL	Stresscrete Poles	\$48,595.00

Staff is recommending the approval of the proposal from The Will Group, Wheaton, IL for the purchase of 20 street light poles and 6 light fixtures for \$48,595.00

Please place this item for consideration on the May 18, 2023 Board agenda.

Notes

- * Lamps NOT Included Except as Noted
- * Manufacturer's Standard Freight Terms and Conditions for Sale Apply - Subject to change without notice.
- * Any deviation voids this quote.
- * Alternate Fixtures are not included in the total.
- * Final confirmation of quantities and design intent is the responsibility of the contractor.
- * Subject to approval; No plans or specs were provided at bid time.
- * Certain assumptions have been made to assemble a functional system from the supplied documents. Final verification that all necessary equipment has been specified and ordered is the responsibility of the specifier/contractor. Please read the accompanying Bill of Materials carefully to verify that all items are correct.
- * Please reference KSA quote number on purchase order.
- * A set of submittals marked "Approved as Noted", or KSA Release Waiver Form, will be required for all project orders.
- * Partial releases are subject to additional freight charges.

Notes

- * Linear product over eight foot runs will require Factory Drawings approved. Distributor Hold For Release po is required to get factory drawings - which can take 1-2 weeks. Order will not be released to production until factory drawings are approved. Standard catalog cuts/specs will NOT be accepted.
- * KSA does not take responsibility for accuracy of submittals unless they are done by KSA or reviewed by KSA prior to submitting.
- * All control products will require submittal sets generated by KSA. Full Submittal sets are available upon receipt of HFR Purchase orders and require approximately 2 weeks to produce. Device color, voltage and counts must be verified prior to project release.
- * nLight devices require CAT 5 cable connections between devices. 1500 ft max cable length per zone. The preferred CAT 5 cable pin out for the nLight network is T568B.
