Subject: Demolition of DuPage Theater Auditorium

---

Public Works in coordination with RSC Development Group, and Daniel P. Coffey and Associates issued a request for proposals to the previous two low proposers to obtain updated costs based on RSC's proposal for future use of the DuPage Theater. The following are the Contractor's proposals for demolishing the auditorium and stage portions of the Theater.

National Wrecking  
\$225,400

Heneghan Wrecking  
\$214,950

Daniel P. Coffey and Associates requested that the RFP include saving four decorative plaster features in the auditorium as options. The decorative features were added to the request for proposals as four alternatives to determine the cost involved in saving and storing within the remaining theater the four features for possible restoration and installation in the new theater. The features are the two areas over the archways to the left and right of the stage and the two features surrounding the window in the middle of the auditorium entrances. The cost of removing and storing the four features within the remainder of the Theater is:

National Wrecking  
\$41,400

Heneghan Wrecking  
\$34,500

Presently electric service and the alarm system controller are in the auditorium. Public Works will move the electric service from the auditorium to the Shoppes as well as the alarm service prior to demolition. Cost estimate for the contractor required electrical work (setting the posts, running the cable, etc.) is \$2,959. The estimate for moving the alarm service is \$2,500.

I recommend that the contract for demolition of the auditorium and stage be awarded to Heneghan Wrecking Company, Inc. of Chicago in the sum of \$214,950 without alternatives or in the sum of \$249,450 with all 4 alternatives.
