Subject: Sale of Surplus Fire Aerial Platform Truck

---

The FY 2008 budget includes replacement of FR52, a 1988 aerial platform fire truck. The BOT awarded the contract for a new fire truck to the only bidder, Pierce Manufacturing of Appleton, WI at the November 2, 2006 meeting. Pierce only offered us \$15,000 in trade. The appraised value of the surplus fire truck is \$70,000 to \$95,000. Therefore we recommend selling the surplus fire pumper, Village unit number FR52, on the market.

I request fire pumper number FR52 be declared as surplus per the attached ordinance and authorize its sale for an amount no less than \$70,000. Waiver of first reading is requested on this ordinance. Please submit this item to the Village Board for their consideration at the September 20, 2007 meeting.
