Subject: No Parking Zone Adjustment on Oak Creek Drive

Business owners at 960 Springer and 949 Oak Creek have recently complained (01/22/10) that tractor-trailer vehicles cannot access their respective docking bays because parked vehicles on Oak Creek Drive, just east of Springer, limit vehicle maneuverability. This area remains to be impacted by extensive on street parking from area businesses with insufficient on-site parking provisions. A possible solution is to prohibit parking on the north side of Oak Creek Drive east of Springer.

Staff recommends and requests a recommendation prohibiting parking on the north side of Oak Creek Drive east of the Springer/Oak Creek Drive intersection. A map of the proposed No Parking Zones (represented in green), along with a copy of the Police Action Report, are presented for your consideration.

cc: Richard Tross, Trustee, District 2
