

## MEMORANDUM

**TO:** David A. Hulseberg, Village Manager

**FROM:** Janet Downer, Business Administrator

**DATE:** June 17, 2013

**SUBJECT: Request for Class A Coin-Operated License  
Brauer House – 1000 N. Rohlwing Road**

According to Village Code, a Class A coin-operated license currently allows an establishment to have four (4) to eight (8) coin-operated amusement devices with no more than ten (10) licenses allowed in the Village. With Brauer House undergoing a recent expansion into an adjoining tenant space, the Village has received a request to allow them to have a Class A coin-operated license.

Attached is an Ordinance increasing the allowable licenses under the Class A coin-operated license category from ten (10) to eleven (11) to accommodate their request.

Due to the Board of Trustees summer schedule, staff is requesting a waiver of first reading.

If you have any questions relative to this request, please contact me at extension 5913
