NOTICE OF PUBLIC HEARING

Dear Property Owner:

The Village of Lombard Plan Commission hereby provides notice that a public hearing will be conducted to consider the following petition on the subject property located within the OPD Office District Planned Development:

Background

The Subject Property, commonly known as the "Mid-Con Planned Development", is zoned OPD Office Business District Planned Development and was approved by Ordinance 1915A in 1975, as amended from time to time. The site is currently improved with 2 four (4) story office buildings and related surface parking and parking structures. Recently, the property was divided via an assessment division and two (2) different owners now control each property and their related buildings (701 E 22nd Street & 747 E 22nd Street). The original planned development was uniformly approved for both parcels and the current owners wish to repeal the original planned development ordinance and related Zoning relief; and create their own planned developments for each building/parcel. This request will help avoid any future inconsistencies between each property. **No new structures or changes are being proposed, other than what was previously granted.**

In order to facilitate this request, each property will be required to receive the necessary zoning approvals to memorialize previously granted development rights and to allow for all existing improvements on the subject property. Please note that the building at 747 E 22nd Street may construct a three-story parking deck over the existing surface parking lot at the rear of the property, at a later date. As this improvement and Zoning relief was previously granted under the original planned development, the proposed new planned development would include those same rights.

The petitioners are requesting the following:

1. Repeal Ordinance 1915A, and as amended, which established a conditional use for a planned development, in their entirety.
2. Approve a major plat of resubdivision for the subject property, with a variation from Section 154.506 (G) of the Subdivision and Development Ordinance requiring lot lines to be approximately at right angles or radial to the adjacent street.

For the property at 701 E 22nd Street:

1. Approve a new conditional use for a planned development exclusively for the 701 E. 22nd Street property, with the following variations and deviations from the Zoning Ordinance:
 - a. A deviation from Section 155.412 (F) and a planned development variation from Section 155.508 (C)(6)(a), to reduce the east interior side yard setback from ten feet (10') to zero feet (0') to provide for an existing overhead corridor and foundation walls;
 - b. A deviation from Section 155.412 (H) to provide for an increase in the floor area ratio above the maximum allowed 0.35 for an existing four-story office building.
 - c. A deviation from Section 155.412 (G) to increase the maximum building height from forty-five feet (45') to fifty-five feet (55') for an existing four-story office building.

- d. A deviation from Section 155.412 (I) to reduce the minimum required open space from thirty-five percent (35%) to approximately twenty seven percent (27%) of the lot area.
 - e. A planned development variation from Section 155.508 (C)(7) to allow for the property to not provide an additional twenty-five percent (25%) open space beyond that which is required in the underlying O Office Zoning District.
 - f. A variation from Section 155.602, Table 6.3 to allow for a reduction in the requisite parking requirements from 4 spaces to 2.5 spaces per 1,000 square feet of gross floor area, as originally set forth in Ordinance 2590.

 - i. A deviation from Section 155.602 (A)(3)(e) to allow for a reduction in the parking lot front yard setback requirement from thirty feet (30') to twenty-seven feet (27') for an existing parking lot.
 - j. A variation from Section 155.706 (B) to not require interior parking lot landscaping for all existing parking lots.
 - k. A variation from Sections 155.706 (C) and 155.709 (B) to reduce the required perimeter parking lot and perimeter lot landscaping from five feet (5') to zero feet (0') to provide for shared vehicular cross-access.
 - l. A variation from Section 155.206 (B) (2) (b) to allow an existing monopole microwave tower to be one-hundred twenty foot (120') instead of the maximum allowed height of forty-five feet (45'), as originally set forth in Ordinance 2590.
 - m. A variation from Section 155.206 (A) (4) (b) to allow for two (2) existing ground mounted dishes and one (1) existing ground mounted antenna, for a total of three (3) instead of the maximum permitted one (1) ground mounted antenna tower or dish.
2. Grant any other relief necessary to memorialize previously granted development rights to allow for all existing improvements on the subject property.
