Subject: Request for a Stop Sign at the Dead End of Taylor

Tom Wilson, Superintendent of Parks, requested a Stop Sign be installed at the park entrance at the dead end of Taylor. The Park District has experienced operational problems in their parking lot. There is a day care center located within 50 feet of this intersection, with frequent foot traffic in this area. The Stop Sign would provide better control of vehicles at this intersection.

I reviewed Tom Wilson's traffic plan and concur with his request to install a Stop Sign at the park entrance at the dead end of Taylor.
