

VILLAGE OF LOMBARD
REQUEST FOR BOARD OF TRUSTEES ACTION
For Inclusion on Board Agenda
Bids and Proposals

TO : President and Village Board of Trustees
FROM : David A. Hulseberg, Village Manager
DATE : July 18, 2013 Agenda Date: August 15, 2013
TITLE : Bid Waiver for: Tree & Stump Removal
SUBMITTED BY: Steven Kremske, Forestry & Urban Landscape Supervisor *SK*

RESULTS:

Date Bids Were Published N/A Bidding Closed N/A

Total Number of Bids Received N/A

Total Number of Bidders Meeting Specifications _____

Bid Security Required _____ Yes _____ No

Performance Bond Required _____ Yes _____ No

Were Any Bids Withdrawn _____ Yes _____ No

Explanation:

Waiver of Bids Requested? _____ X Yes _____ No

If yes, explain:

See attached memo.

Award Recommended to Lowest _____ Yes _____ No

Responsible Bidder?

If no, explain:

See attached memo.

FISCAL IMPACT:

Amount of Award \$176,400.00 Motor Fuel Tax

BACKGROUND/RECOMMENDATION:

See attached memo.

Has Recommended Bidder Worked for Village Previously X Yes _____ No

If yes, was quality of work acceptable X Yes _____ No

Was item bid in accordance with Public Act 85-1295? _____ Yes X No

Waiver of bids - Public Act 85-1295 does not apply X Yes

REVIEW (as needed):

Village Attorney XX _____ Date _____

Finance Director XX _____ Date _____

Village Manager XX _____ Date _____

NOTE: All materials must be submitted to and approved by the Village Manager's Office by 12:00 noon, Wednesday, prior to the Board Agenda distribution.

To: David Hulseberg, Village Manager

Date: July 11, 2013
RE: Funding For EAB Tree Removal

Emerald ash borer (EAB) was first detected in the Village of Lombard on July 22, 2009. At that time, there were 2,973 green and white ash on Village parkways which comprised 16.12% of the total parkway tree population. Currently, there are 1,705 green, 567 white and 3 European ash which comprise 12.20% of the parkway tree population of 18,653 trees. Parkway tree removal due to EAB since 2009 is as follows:

2009 – 2 trees
2010 – 10 trees
2011 – 86 trees
2012 – 353 trees
2013 – 195 trees removed to date, 587 currently scheduled for removal

The above information is for ash only; there are approximately 100 additional trees requiring removal. These are also the most current numbers; more trees are expected to become infested and require removal.

- \$63,000 has been budgeted for tree removal this year/\$46,643 has been spent to date
- Our removal contractor, Ciosek is currently working on List #3 - \$11,000 due upon completion
- \$5,357 will remain for tree & stump removal after paying for List #3
- List #4 currently has 466 trees & stumps - \$173,300
- 223 trees currently scheduled for removal by in-house staff
- 415 trees currently scheduled for removal by contract
- Average cost to remove a tree by contract - **\$425/tree**
- Estimated total cost to remove the 415 infested ash trees - **\$176,400**

On March 7, 2013, the Village Board awarded the Parkway Tree & Stump Removal contract to Ciosek Tree Service in the amount of \$63,000.00. Because of the heavy Emerald Ash Borer infestation, the number of parkway trees requiring removal has far exceeded the awarded contract amount.

Attached is a memo from the Illinois Department of Transportation stating that a Local Public Agency may use Motor Fuel Tax funds for the removal of infested ash trees on public right-of-way. The Village of Lombard meets all of the required criteria for using surplus MFT funds to meet the \$176,400 deficit. Due to the large number of trees requiring removal and prior commitments, it is highly unlikely that our contractor, Ciosek

Tree Service will be able to remove all of the trees by the end of the year. Staff is also considering purchasing a stump-grinding attachment for the ToolCat to further reduce removal expenditures by having in-house staff grind the stumps of trees removed by Public Works personnel.

In addition, because of the large number of trees being removed, there will be a substantial disparity in the number of trees being replaced this fall. Of the 590 current planting spaces that will be created by the removals, there is only enough money budgeted to replace about 250 trees. The remaining trees will need to be deferred to the spring 2014 planting season.

Attachment: IDOT MFT memo

Illinois Department of Transportation

BLRS PROCEDURE MEMORANDUM

NUMBER: PM2012-07

SUBJECT: ASH TREE REMOVAL DUE TO EMERALD ASH BORER

ISSUED DATE: November 26, 2012

EFFECTIVE DATE: November 26, 2012

This memorandum revises Section 14-1 dated January 2012 of the Bureau of Local Roads & Streets Manual.

The Emerald Ash Borer (EAB), *Agilus planipennis* Fairmaire, is an exotic beetle that was discovered in southeastern Michigan near Detroit in the summer of 2002. The adult beetles nibble on ash foliage but cause little damage. The larvae (the immature stage) feed on the inner bark of ash trees, disrupting the tree's ability to transport water and nutrients. EAB probably arrived in the United States on solid wood packing material carried in cargo ships or airplanes originating in its native Asia. EAB is also established in Windsor, Ontario, was found in Ohio in 2003, northern Indiana in 2004, northern Illinois and Maryland in 2006, western Pennsylvania and West Virginia in 2007, Wisconsin, Missouri and Virginia in the summer of 2008, Minnesota, New York, Kentucky in the spring of 2009, Iowa in the spring of 2010, Tennessee in the summer of 2010, and Connecticut, Kansas, and Massachusetts in the summer of 2012. Since its discovery, EAB has:

- Killed tens of millions of ash trees;
- Caused regulatory agencies and the USDA to enforce quarantines and fines to prevent potentially infested ash trees, logs or hardwood firewood from moving out of areas where EAB occurs.
- Cost governmental agencies, property owners, nursery operators and forest products industries tens of millions of dollars.

EAB infestation may be controlled or managed by using a combination of methods (biological, chemical, systematic removal, or complete removal). For detailed information and management resources, visit the Emerald Ash Borer website at www.emeraldashborer.info.

The Illinois Department of Agriculture (IDOA) has established a web site to assist and educate individuals about EAB. For the most recent information about confirmed locations, please visit www.agr.state.il.us/eab/.
