# Proposal

August 16, 2007

Village of Lombard  
255 East Wilson  
Lombard, IL. 60148

Attention: Keith Surges

**Location of Work:** 1) Westmore / Meyers Rd – Qty (72) lights  
2) St. Charles Rd – Qty (25) lights

**Scope of Work:**

Furnish labor, equipment, and materials to perform the following work at the above referenced locations:

- Remove the existing street light assemblies off of the foundations and disassemble the light arms & luminaries from the pole (luminaries to be discarded / saved at the discretion of Lombard Public Works).
- Clean off rust and chase the existing anchor bolts on the foundations. Provide new 1” galvanized nuts, flat washers, and lock washers at time of reinstallation. **Note: Should structural repairs to the existing foundations be needed, that work would be an extra on a time & material basis.**
- Transport light poles and arms to powder coat facility to repaired and powder coated.
- Transport light poles and arms back to jobsite location from powder coat facility.
- Re-install the newly powder coated poles back on the foundations. The Village of Lombard will provide new luminaries that will be installed on the pole assemblies. Meade will furnish new pole wire, fuse kits, festoon outlets / covers for the light poles.

**One hundred thirteen thousand nine hundred seventy-five dollars -----\$ 113,975.00\***

\* Total price is based on a unit price of \$ 1,175.00 per pole assembly to perform the work listed above. Should any additional work be needed over the scope of work listed above, it will be invoiced on a time and material basis. Should any poles be added to the base quantity of 97, they will be invoiced out at the unit price of \$ 1,175.00 per pole.
