**EXHIBIT A**

## **FINDINGS & RECOMMENDATIONS**

Staff finds that designation of the subject property, 515 N. West Road, as a landmark site is appropriate. Based on the above considerations, the Department of Community Development recommends that the Historic Preservation Commission make the following motion for the designation of the structure at 515 N. West Road as a landmark site:

Based on the submitted petition and the testimony presented, the Historic Preservation Commission finds that the structure at 515 N. West Road complies with one or more of the criteria established for designation as a landmark site, and, therefore, I move that the Historic Preservation Commission recommend to the Corporate Authorities that the structure at 515 N. West Road be designated as a landmark site, based on the following criteria:

1. The character, interest, or value as part of the development, heritage, or cultural characteristics of the village.

The evidence submitted affirms this statement.

2. The identification with a person or persons who significantly contributed to the cultural, economic, social, or historical development of the village.

Jacob Loy, Catherine Loy, Joseph B. Hull and Peter Hoy are considered significant figures in Lombard history.

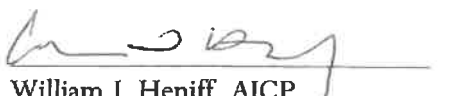

3. The architectural significance of a building which is at least 50 years of age and is a good example of a specific architectural style containing distinctive elements of design, detail, materials, or craftsmanship, or is an example of a style which had an impact on the community. Such a building must retain much of its original architectural integrity.

The house is over 50 years and retains its original architectural integrity.

Subject to the following five conditions:

1. The landmark site designation is limited to the exterior of the existing building, as built circa 1858, and is further limited to the building's current location on the property at 515 N. West Road.
2. Any exterior work other than maintenance will require a building permit which will be referred to the Historic Preservation Commission for a certificate of appropriateness.
3. The property and structure shall be maintained in good condition.
4. If the building is damaged or destroyed, to the extent of more than fifty percent (50%) of the value of the site immediately prior to such damage, then the building's historical designation shall be considered null and void.
