Subject: October Meeting Item 1—700 Charlotte Block Parking Restriction

The Village received a petition from the residents on the 700 block of Charlotte Street (Harrison Road to Harding Road) to receive limited parking restriction signage on their block. The petition was signed by residents representing 11 of the 18 households, which is a majority in favor of the change. At the September meeting, the Committee tabled the item, so please refer to the previous meeting item regarding the request background. Residents have contacted the Village after the previous meeting regarding the petition status.

This block lies three blocks (1/3 mile) from Glenbard East High School and appears to be one of the closest locations to the school without parking restrictions. To address Committee comments, staff has developed a policy for future requests to restrict parking near high schools serving the Lombard community. School parking petitions that are submitted to the Village will be considered only when the location is within a 1/3 mile radius (10 minute walk) of any high school property. Petitions outside that area will only be considered if the Police Department determines that there is a public safety concern. Please see the attached exhibit for an existing overview map of parking restrictions around Glenbard East High School.

To minimize resident inconvenience, Village staff anticipates proposing a modified parking restriction around the high school at a future meeting. The new restriction would replace the current no parking signs with 2 hour parking, 9 a.m. - 3 p.m., on school days. Staff will notify appropriate school personnel and residents regarding this proposal. Due to this modification, the Charlotte Street proposed restriction would be 2 hour parking, 9 a.m. - 3 p.m. on school days, on Charlotte Street from Harrison Road to Harding Road.

Staff recommends approval of the proposed parking restriction.
