Subject: Computer Equipment to be Declared Surplus

The computer industry is constantly changing with new technology. As the Village continues to computerize and new equipment is purchased, old equipment becomes obsolete and no longer used. Below is a list of computer equipment that is approximately 5 to 9 years old, no longer in service, has been or will be replaced or used for spare parts. I.T. is recommending that this equipment be declared surplus and made available for disposal or sale.
