Dear President and Trustees:

Village Manager
William T. Lichter

Your Plan Commission transmits for your consideration its recommendation regarding the above-referenced petition. The petitioner is requesting that the Village take the following actions on the subject property:

1. Approve an Annexation Agreement;
2. Annex the property into the Village of Lombard;
3. Approve a map amendment to rezone the property from the R1 Single-Family Residence District to the B4 Corridor Commercial District;
4. Approve a conditional use for an existing automobile service establishment;
and
5. Approve a variation to allow for an existing 9.85-foot corner side yard setback.

"Our shared *Vision* for Lombard is a community of excellence exemplified by its government working together with residents and business to create a distinctive sense of spirit and an outstanding quality of life."

"The *Mission* of the Village of Lombard is to provide superior and responsive governmental services to the people of Lombard."

After due notice and as required by law, the Plan Commission conducted a public hearing for this petition on August 15, 2005. Kevin Carrara of the law firm Rathje and Woodward introduced himself as the representative for Halle-Von Voightlander, the property owner. He summarized the requested relief and stated that the subject property has a Discount Tire store and no new construction is being proposed. He noted that newly-annexed properties are automatically rezoned to the R1 District. In this case the Comprehensive Plan calls for commercial uses and residential uses would not be compatible with the existing development.

Mr. Carrara stated that the automobile service use is very compatible with other uses in the area and there would not be any negative impact because the business is already in existence. The property already receives Village water and sewer service and the annexation would be part of the natural, orderly

growth of the Village. He noted a variation is requested for the existing building setback. Mr. Carrara concluded by stating that he would like to make the petitioner's Response to Standards a part of the official record.

Chairperson Ryan then opened the meeting for public comment. There were no comments in favor or in opposition to the proposal. Chairperson Ryan then requested the staff report.

Jennifer Backensto, Planner I, reiterated the requested actions and summarized the IDRC report. She noted that the subject property currently abuts the Village's eastern boundary at Church Avenue. To address the existing conditions on-site and bring the property into compliance with the Zoning Ordinance, a map amendment, conditional use, and setback variation are being requested as companions to the annexation.

The existing use complies with the recommendations of the Comprehensive Plan and it can be considered compatible with surrounding land uses.

The petitioner is requesting a map amendment to zone the properties into the B4 Corridor Commercial District. Staff finds that this amendment can be supported. The zoning designation would be compatible with the adjacent commercial properties and would be consistent with past zoning actions and the trend of development for properties abutting the subject property.

The petitioner is requesting a conditional use for an automobile service establishment. Given the high concentration of similar automobile service uses along Roosevelt Road, staff believes the existing land use is appropriate at this location.

Ms. Backensto concluded by stating that the subject property meets or exceeds all bulk standards for the B4 Corridor Commercial District, with the exception of the corner side yard along Luther Avenue. To bring the property into compliance with the Zoning Ordinance, staff is supportive of a variation for the existing side yard setback. The petitioner has agreed to a condition limiting the setback variation to the current site plan.

Chairperson Ryan opened the public hearing for discussion and questions by the Plan Commission.

Commissioner Olbrysh noted that he had no objection to the petition given that the building has been in existence for a quarter of a century and the current business has also been existence for some time.

Commissioner Olbrysh made a motion for approval of the petition, which was seconded by Commissioner Sweetser.

After due consideration of the petition and the testimony presented, the Plan Commission found that the petition complies with the standards required by the Lombard Zoning Ordinance. Therefore, the Plan Commission, by a roll call vote of 4-0, recommended to the Corporate

Authorities **approval** of the petition associated with PC 05-24, subject to the following conditions:

1. That the owner shall enter into an Annexation Agreement for the property.
2. The requested corner side yard setback variation along Luther Avenue shall be granted to allow the improvements shown on the Land Title Survey, prepared by North Shore Survey, Ltd. and dated January 29, 1995, and made a part of this petition. In the event of the total demolition of the existing improvements located on the property and the redevelopment of the property for the same or different use, such redevelopment, unless otherwise approved by the Village, shall meet the full provisions of the Lombard Zoning Ordinance.

ANALYSIS

SUBMITTALS

This report is based on the following documents filed with the Department of Community Development:

1. Petition for Public Hearing.
2. Land Title Survey, prepared by North Shore Survey, Ltd., and dated January 29, 1995.

DESCRIPTION

The subject property is an existing automobile service establishment on Roosevelt Road that currently abuts the Village's eastern boundary at Church Avenue. In working toward our established boundary agreement with Villa Park, staff has asked the property owner to annex into the Village. To address the existing conditions on-site and bring the property into compliance with the Zoning Ordinance, a map amendment, conditional use, and setback variation are being requested as companions to the annexation.

Engineering – Private Engineering

The Private Engineering Services Division has no comments on this petition.

Planning

Compatibility with the Comprehensive Plan

The Long-Range Plan Map of the Comprehensive Plan recommends that the property be used for Community Commercial uses. The existing use complies with the recommendations of the Comprehensive Plan.

Compatibility with the Surrounding Land Uses

The property is located along the Roosevelt Road commercial corridor and is surrounded on two sides by other commercial properties. To the west is Trinity Lutheran Church, which occupies the entire block. The area to the north is zoned for single-family uses and is currently made up of a mixture of residences and vacant lots. This property is within the Roosevelt Road commercial corridor that includes a large number of auto-related uses. Although this property abuts residential land, this occurrence is typical along Roosevelt Road and, as such, it can be considered compatible with surrounding land uses.

Compatibility with the Zoning Ordinance

Rezoning

Upon annexation to the Village, properties are automatically classified as R1 Single-Family Residential properties. The petitioner is requesting a map amendment to zone the properties into the B4 Corridor Commercial District.

Staff finds that this amendment can be supported. The zoning designation would be compatible with the adjacent commercial properties and would be consistent with past zoning actions and the trend of development for properties abutting the subject property.

Conditional Use

The petitioner is requesting a conditional use for an automobile service establishment, which is currently operated by Discount Tire. Discount Tire offers tire sales, service, and maintenance, and no intensive repair activities (such as body repair or painting) are performed on site. Given the high concentration of similar automobile service uses along Roosevelt Road, staff believes the existing land use is appropriate at this location.

Corner Side Yard Setback Variation

The subject property meets or exceeds all bulk standards for the B4 Corridor Commercial District, with the exception of the corner side yard along Luther Avenue (see Table 1). This building was constructed at its present location in 1979. To bring the property into compliance with the Zoning Ordinance, staff is supportive of a variation for the existing side yard setback. This will allow the property to be rebuilt in the event of a catastrophe. However, staff would prefer that any future redevelopment of the site be constructed to meet all setback requirements. Therefore, a condition should be added that limits the setback variation to the current site plan.

Table 1: Bulk Requirements for B4 Corridor Commercial District

	Code Requirements	Existing Conditions
Lot area	40,000 sq. ft.	59,900 sq. ft.
Lot width	150 feet	280 feet
Front yard setback	30 feet	65 feet
Corner side yard setback	30 feet	9.85 feet (Luther) 132 feet (Church)
Rear yard setback	30 feet	65 feet
Height	30 feet or 2 stories	1 story
Open space	10%	24%
Parking spaces	1 per employee plus 2 per service bay	27 spaces for 12 service bays

FINDINGS AND RECOMMENDATIONS

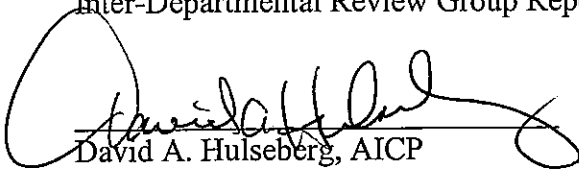

Based on the above findings, the Inter-Departmental Review Committee recommends that the Plan Commission make the following motion recommending **approval** of this petition:

Based on the submitted petition and the testimony presented, the requested relief complies with the standards required by the Lombard Zoning Ordinance; and,

Therefore, I move that the Plan Commission accept the findings and recommendations of the Inter-Departmental Report as the findings of the Plan Commission and I recommend to the Corporate Authorities **approval** of PC 05-24, subject to the following condition:

1. That the owner shall enter into an Annexation Agreement for the property.
2. The requested corner side yard setback variation along Luther Avenue shall be granted to allow the improvements shown on the Land Title Survey, prepared by North Shore Survey, Ltd. and dated January 29, 1995, and made a part of this petition. In the event of the total demolition of the existing improvements located on the property and the redevelopment of the property for the same or different use, such redevelopment, unless otherwise approved by the Village, shall meet the full provisions of the Lombard Zoning Ordinance.

WHEREAS, Owner desires to have the Subject Property rezoned to the B-4 Corridor Commercial District with a conditional use for the Subject Property for the operation and maintenance of an automobile service establishment under the Zoning Ordinance.

NOW THEREFORE, in consideration of the premises and the mutual promises herein set forth, the parties hereto agree as follows:

1. **Incorporation of Recitals:** The Village and Owner agree that the foregoing recitals are incorporated in this Agreement as if fully recited herein.
2. **Development of Subject Property:** Village and Owner agree that the Subject Property shall be developed in accordance with the terms of this Agreement and the exhibits attached hereto.
3. **Annexation:** Subject to the provisions of Article 7 of Act 5 of Chapter 65 of the Illinois Compiled Statutes, the Village and the Owner shall cause the annexation of the Subject Property to occur pursuant to the provisions of Section 5/7-1-8 of Act 5 of Chapter 65 of the Illinois Compiled Statutes.
4. **Zoning:** Upon annexation of the Subject Property to the Village as set forth herein, the Corporate Authorities shall, without further public hearings, immediately rezone and classify the entire Subject Property from the R1 Single Family Residence District to the B4 Corridor Commercial District under the Zoning Ordinance, with a conditional use for the Subject Property for the operation and maintenance of an automobile service establishment, including, without limitation, the sale, repair and installation of automotive tires and all other automotive parts and accessories and the service thereof and a variation from the applicable ordinances of the Village to decrease the minimum corner side yard setback along Luther Avenue from 30 feet to 9.85 feet. Pursuant to said B4 Corridor Commercial District classification, those permitted and conditional uses listed on EXHIBIT C attached hereto and made a part hereof, together with such other permitted and/or conditional uses from time to time added by the Village under the B4 District, or any district substituted in place of the B4 District, shall be applicable to the Subject Property, provided each conditional use identified in said EXHIBIT C shall only be carried out on the Subject Property pursuant to separate approval thereof by the Village in compliance with the procedures and standards therefor set forth in the Village Zoning Ordinance, unless otherwise approved in this Agreement.
5. **Water and Sanitary Sewer Utilities:** The Subject Property is currently connected to and is served by the Village's water and sanitary sewer service systems. Owner agrees to convey any new and/or existing sanitary sewer and watermain, and all facilities incidental thereto, to the Village by executing such appropriate documents as are necessary to vest title thereto in the Village. Subsequent to the annexation of the Subject Property, the Village, subject to all rules, regulations and ordinances of the Village, will continue to supply sanitary sewer service and water service to the Subject Property, to such capacity and in such amounts as will adequately service the Subject Property under its aforesaid intended usage. The user fees and any other fees and charges from time to time assessed by the Village against the Subject Property with respect to said services shall not exceed those fees and charges uniformly

applied throughout the Village for properties located within the corporate boundaries of the Village.

6. **Storm Drainage Facilities:** The Owner shall not be required to provide storm drainage facilities for any existing structures on the Subject Property. However, any future modifications or reconstruction of any buildings, structures and/or parking lot improvements, but not including remodeling of existing buildings or resurfacing of existing parking lot improvements, shall be subject to the Title 15, Chapter 151 of the Lombard Village Code.

7. **Easements:** Owner shall provide all on-site easements which are necessary or appropriate to enable the Subject Property to be properly drained and to receive water, sanitary sewer, electric, telephone, gas, and cable television service, with the Village being named a grantee in all said easements along with the applicable utility companies and cable television operator. The location of all existing public improvements is hereby approved by the Village. Any on-site easements required by the Village shall be located adjacent to the perimeter of the Subject Property and shall be consistent with standards for such easements uniformly applied throughout the Village and in compliance with applicable ordinances of the Village.

8. **Contributions:** Owner shall have no obligation to make any contribution, in cash or in land, to any school district, park district or library district provided the Subject Property is developed in substantial conformity with this Agreement or pursuant to such other non-residential development plans as may from time to time be approved by the Village. The foregoing provision shall not eliminate or reduce Owner's obligation to pay other fees and charges applicable to the Subject Property pursuant to Village ordinances, provided no annexation fee shall be assessed against the Subject Property or owed by Owner as a result of the annexation of the Subject Property to the Village.

9. **Non-Conforming Uses and Structures:** The Village recognizes the nonconforming nature of the buildings and structures on the Subject Property described in EXHIBIT B attached hereto and made a part hereof. Nothing in this agreement shall be construed so as to grant zoning relief or any other relief from the Lombard Village Code for any existing uses or structures on the Subject Property, other than that noted in Section 4. The Village agrees to recognize any legally permitted and constructed nonconforming buildings or structures on the Subject Property as legal non-conforming. However, any expansion, alteration, reconstruction or repair of any buildings or structures on the Subject Property shall conform with all existing provisions of the Lombard Village Code. For purposes of this Agreement, a legally permitted structure shall be any structure for which a building permit was issued by DuPage County or the Village prior to the effective date of this Agreement. The foregoing notwithstanding, Owner shall not, as a result of the annexation of the Subject Property to the Village, be required to retrofit or otherwise bring any existing building or structure into conformity with the provisions of the Village Code from time to time otherwise applicable to the Subject Property. The corner side yard setback along Luther Avenue is hereby granted a

variation to allow the improvements shown on EXHIBIT B. In the event of the total demolition of the existing improvements located on the property and the redevelopment of the property for the same or different use, such redevelopment, unless otherwise approved by the Village, shall meet the full provisions of the Lombard Zoning Ordinance. EXHIBIT B is a survey of the Subject Property which identifies all of the existing setbacks, separations and parking facilities ("Existing Setback and Parking Standards"). Owner shall have the right, subject to obtaining required permits and compliance with applicable provisions of the building code and other applicable ordinances of the Village, to from time to time rebuild, remodel and/or replace the existing improvements, but not including any expansion thereof, utilizing the Existing Setback and Parking Standards or the otherwise applicable provisions of the Village Zoning Ordinance, whichever is the least restrictive.

10. Reasonableness of Fees and Charges: Owner agrees that the connection charges, fees, dedications and easements required by current ordinances of the Village or this Agreement are reasonable in amount, where applicable, and are reasonably related to and made necessary by the development and/or redevelopment of the Subject Property. The foregoing notwithstanding, the Village agrees that all Village utilities are currently connected to and servicing the Subject Property and that no additional connection charges for sanitary sewer, water or any other existing utility service shall be assessed against the Subject Property as a result of its annexation to the Village. In addition, the Village agrees to pay all fees and charges imposed against the Subject Property as a result of the disconnection of the Subject Property from the York Center Fire Protection District and the transfer of such fire protection to the Village, as provided in paragraph 12 of this Agreement.

11. Dedication of Public Improvements: Following the annexation of the Subject Property to the Village and when Owner has completed required public improvements, if any, in accordance with applicable provisions of the Subdivision Ordinance, as varied by this Agreement, and said public improvements have been inspected and approved by the Village Engineer, the Village shall accept said public improvements subject to the two (2) year maintenance provisions of the Subdivision Ordinance, unless such public improvements have been in place a period of two (2) years or more preceding the date of annexation. Notwithstanding this Section, drainage facilities and detention areas located within the Subject Property shall remain owned by and maintained by the Owner, and any subsequent owner(s). The acceptance of said public improvements by the Village shall not be a condition precedent to the issuance of any building or occupancy permit requested of the County or the Village for the Subject Property. Nothing contained in this paragraph shall be construed to require Owner to construct any new or rehabilitate any existing improvements on the Subject Property as a result of the annexation of the Subject Property to the Village. Owner agrees to dedicate to the Village the existing water main located on the Subject Property, including the loop of such water main, if any.

12. **Fire District:** By operation of law and in accordance with Illinois Compiled Statutes Chapter 70, Section 705/20, the Subject Property shall, upon its annexation to the Village, be disconnected from the fire protection district in which it is located at no cost to the Owner. The Village agrees to cooperate with the Owner in said disconnection. Owner and/or the successor owner of any lot platted within the Subject Property shall be responsible for the disconnection and the Village shall pay any and all costs and expenses associated therewith, including, but not limited to, any payments required by 70 ILCS 705/20(e), any legal fees and any litigation costs relative thereto.

13. **General Provisions:**

Owner pertaining to such portion of the Subject Property or rights and obligations hereunder, shall be deemed assigned to and assumed by such Transferee, and Owner shall thereupon be released and discharged by the Village from any further obligation pertaining to such identified rights and duties. Subject to the provisions of subsection 3 of this Section 15B, the Transferee shall thereupon be entitled to exercise all rights and authorities and shall perform all duties and obligations of Owner pertaining to such portion of the Subject Property.

(2) In the event of any sale or conveyance by Owner of the Subject Property or any portion thereof, Owner shall notify the Village in writing, within ten (10) working days after the closing of such sale or conveyance, of any and all Transferees to all or any portion of the Subject Property. Such written notice shall include identification of the name(s) of such Transferee(s), the date of such sale or conveyance, and a copy of the title opinion identifying the grantee, the real estate sold or conveyed, and such other information as is usually and customarily included in a title opinion for the sale or conveyance of real estate. Failure to give timely notice shall not constitute a default hereunder, but shall be governed by the remaining provisions of this section 15B.

(3) Upon the condition that the requirements of this section 15B have been met, this Agreement shall inure to the benefit of and shall be binding upon Owner's Transferees, and shall be binding upon the Village and the successor Corporate Authorities of the Village and any successor municipality. In the event that the requirements of this section 15B have not been met, this Agreement shall be binding upon, but shall not inure to the benefit of Owner's Transferees until such time as Owner has given the Village the notice required by this section 15B.

- C. Court Contest: In the event the annexation of the Subject Property, the classification of the Subject Property for zoning purposes or other terms of this Agreement are challenged in any court proceeding, the period of time during which such litigation is pending, including (without limitation) the appeal time therefor, shall not be included, if allowed by law, in calculating the twenty (20) year period provided in section 15R below.
- D. Remedies: The Village and Owner, and their successors and assigns, covenant and agree that in the event of default of any of the terms, provisions or conditions of this Agreement by any party, or their successors or assigns, which default exists uncorrected for a period of ten (10) days after written notice to any party to such default, the party seeking to enforce said provision shall have the right of

specific performance and if said party prevails in a court of law, it shall be entitled to specific performance. It is further expressly agreed by and between the parties hereto that the remedy of specific performance herein given shall not be exclusive of any other remedy afforded by law to the parties, or their successor or successors in title.

- E. Conveyances: Nothing contained in this Agreement shall be construed to restrict or limit the right of Owner to sell or convey all or any portion of the Subject Property, whether improved or unimproved, except as otherwise specifically set forth herein.
- F. Survival of Representations: Each of the parties agrees that the representations, warranties and recitals set forth in the preambles to this Agreement are material to this Agreement and the parties hereby confirm and admit their truth and validity and hereby incorporate such representations, warranties and recitals into this Agreement and the same shall continue during the period of this Agreement.
- G. Captions and Paragraph Headings: The captions and paragraph headings used herein are for convenience only and are not a part of this Agreement and shall not be used in construing it.
- H. Reimbursement of Village for Legal and Other Fees and Expenses:
 - (1) In the event that any third party or parties institute any legal proceedings against Owner and/or the Village, which relate to the terms of this Agreement, then, in that event, Owner, on notice from the Village shall assume, fully and vigorously, the entire defense of such lawsuit at the Village's expense; provided, however:
 - (a) Owner shall not make any settlement or compromise of the lawsuit, or fail to pursue any available avenue of appeal of any adverse judgment, without the approval of the Village.
 - (b) If the Village, in its sole discretion, determines there is, or may probably be, a conflict of interest between the Village, Owner, on an issue of importance to the Village having a potentially substantial adverse effect on the Village, then the Village shall have the option of being represented by its own legal counsel.
 - (2) In the event either party institutes legal proceedings against the other party for violation of this Agreement and secures a judgment in its favor, the court having jurisdiction thereof shall determine and include in

its judgment against the non-prevailing party all expenses of such legal proceedings incurred by the prevailing party, including but not limited to the court costs and reasonable attorneys' fees, witnesses' fees, etc., incurred by the prevailing party in connection therewith (and any appeal thereof). The non-prevailing party may, in its sole discretion, appeal any such judgment rendered in favor of the prevailing party against the non-prevailing party.

- I. No Waiver or Relinquishment of Right to Enforce Agreement: Failure of any party to this Agreement to insist upon the strict and prompt performance of the terms, covenants, agreements and conditions herein contained, or any of them, upon any other party imposed, shall not constitute or be construed as a waiver or relinquishment of any party's right thereafter to enforce any such term, covenant, agreement or condition, but the same shall continue in full force and effect.
- J. Village Approval or Direction: Where Village approval or direction is required by this Agreement, such approval or direction means the approval or direction of the Corporate Authorities of the Village unless otherwise expressly provided herein or required by law, and any such approval may be required to be given only after and if all requirements for granting such approval have been met unless such requirements are inconsistent with this Agreement.
- K. Recording: A copy of this Agreement and any amendments thereto shall be recorded by the Village at no expense to the Owner.
- L. Authorization to Execute: The officers of Owner executing this Agreement warrant that they have been lawfully authorized by Owner's Board of Directors to execute this Agreement on behalf of said Owner. The President and Deputy Clerk of the Village hereby warrant that they have been lawfully authorized by the Village Board of the Village to execute this Agreement. The Owner and Village shall deliver to each other upon request copies of all bylaws, joint venture agreements, resolutions, ordinances or other documents required to legally evidence the authority to so execute this Agreement on behalf of the respective entities.
- M. Amendment: This Agreement sets forth all the promises, inducements, agreements, conditions and understandings between the Owner and the Village relative to the subject matter thereof, and there are no promises, agreements, conditions or understandings, either oral or written, express or implied, between them, other than are herein set forth. Except as herein otherwise provided, no subsequent alteration, amendment, change or addition to this Agreement shall be

binding upon the parties hereto unless authorized in accordance with law and reduced in writing and signed by them.

- N. Counterparts: This Agreement may be executed in two (2) or more counterparts, each of which taken together, shall constitute one and the same instrument.
- O. Conflict Between the Text and Exhibits: In the event of a conflict in the provisions of the text of this Agreement and the Exhibits attached hereto, the text of this Agreement shall control and govern.
- P. Definition of Village: When the term Village is used herein it shall be construed as referring to the Corporate Authorities of the Village unless the context clearly indicates otherwise.
- Q. Execution of Agreement: This Agreement shall be signed last by the Village and the President of the Village shall affix the date on which he signs this Agreement on Page 1 hereof, which date shall be the effective date of this Agreement.
- R. Term of Agreement: This Agreement shall be in full force and effect for a term of twenty (20) years from and after the date of execution of this Agreement.
- S. Venue: The parties hereto agree that for purposes of any lawsuit(s) between them concerning this Agreement, its enforcement, or the subject matter thereof, venue shall be in DuPage County, Illinois, and the laws of the State of Illinois shall govern the cause of action.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals to this Agreement on the day and year first above written.
