Subject: Medal of Character award

Hi, this is Dean Krawczykowski, I am sorry that I missed your call. First off I want to thank the village for being nominated for this award. During the past year I became an eagle scout. The major part of this was completing my project. My project was organizing, funding, and building the historically accurate split-rail fence at the Sheldon Peck House. This started because I wanted to help the community and leave something that the town can adore, and be proud of for decades to come. So I began raising money, and planing this project. After permits, measuring, and ordering, the wood arrived. So with my father, and cousins I started building, six hours later we all went home. The next day we worked just as hard and finished the project. This was a great experience and I am glad I was able to give back to the community.
