

MEMORANDUM

TO: William T. Lichter, Village Manager

FROM: Nick Hatfield, PE, Development Engineer

DATE: July 28, 2005

SUBJECT: ACCEPTANCE OF THE PUBLIC SANITARY SEWER, PUBLIC STORM SEWER AND WATER MAIN AND FIRE HYDRANTS AT 229 S. MAIN STREET IN LOMBARD, ILLINOIS

The Private Engineering Services Division of the Community Development Department recommends that the Board of Trustees accept the connections to the public sanitary sewer and storm sewer within the public right-of-way and the six-inch water main and fire hydrants constructed at 229 S. Main Street. Attached are location and utility maps. Please present the attached resolution to the Board of Trustees at their April 19th, 1007meeting.

The stated improvements are acceptable since they were installed substantially to plan and have passed all required tests. The Private Engineering Services Division has approved the project record drawings. The on-site sanitary sewer and storm sewer will remain the responsibility of the property owner.

The Department has received a letter of credit for the required two-year maintenance period.
