**Date:** July 3, 2014  
**Subject:** July 2014 Meeting Item 5— Washington/Fairfield Stop Sign Request

---

In June 2014, Trustee Fitzpatrick received a resident request for an All-Way Stop sign at the intersection of Washington and Fairfield. The request stated that several accidents have occurred at this location.

This intersection has 5 crashes in the last 5 years. A field visit determined flat grades on intersection approaches. While the geometrics of the intersection do not warrant signage, the crash data shows that this intersection has safety deficiencies. In the Engineer's judgment, an All-Way Stop Sign is warranted at this location.

In review, Village staff recommends approval for the above request.
