MEMORANDUM

TO: William T. Lichter, Village Manager

FROM: David A. Hulseberg, AICP, Assistant Village Manager/Director of Community Development *DJA*

DATE: September 21, 2006

SUBJECT: **Watermain Construction Reimbursement Agreement – 19W175 Roosevelt Road**

At the September 5, 2006 Economic and Community Development Committee (ECDC) meeting, the members recommended the Village Board approve a Watermain Construction Reimbursement Agreement for the property at 19W175 Roosevelt Road (i.e., the former Carpetville store). This agreement provides for the installation of a public watermain that will close an existing gap in the Village's watermain infrastructure along Roosevelt Road. This main will also allow the property owner to connect to Village water services. As the proposed watermain improvement exceeds what would normally be required by Village Code, staff and the property owner have drafted an agreement that would provide for the installation of the main within the next year, with a cost reimbursement of the public watermain using a sales tax rebate.

BACKGROUND

In 2005, the property owner petitioned the Village for approval of an annexation agreement, annexation and zoning of the property (PC 05-02). The Village's Annexation Strategies Report also identified this property as a high priority for annexation. The annexation request was also made by the property owner in order to secure B3 Community Shopping District zoning for the property. Moreover, they also sought to connect to Village water services, which were believed to be located immediately in front of the property.

Upon further exploration of the watermains by the property owner, it was found that no Village main existed in front of the property. As a result, if the property owner wanted to connect, they would have to extend the watermain from an adjacent property. Moreover, as this would be a "dead-end" line, Public Works would require that the line be extended an additional 150 feet beyond their property line, so that it could connect to an existing main adjacent to the High Point Shopping Center.

As the original agreement represented that public water would be available by the Village and that Public Works determined that such a connection would be of substantial benefit to the Village in addition to the property owner, staff began working on an agreement.

Staff previously asked the Village Board whether it was appropriate to use sales tax incentives for unincorporated properties in order to bring the properties into compliance with Village Code. The

Board stated as a general policy that sales tax sharing could be appropriate, but on a case-by-case basis. Staff has not brought any such cases forward until now, as this case is somewhat unique.

The proposed extension has significant benefit to the Village and our water service delivery. The watermain will close an existing gap between existing mains in the High Point Shopping Center and the commercial properties east of the subject property. The extension will also eliminate the need to create an additional watermain crossing underneath Roosevelt Road. Lastly, while this extension was not within the current Capital Improvements Program, this connection has been desired by the Public Works Department.

The draft agreement is similar to the agreement executed between the Village and Lombard Toyota in 2002. The main highlights of the agreement are:

1. The property owner will construct a new 300-foot long eight-inch diameter public watermain on the south side of Roosevelt Road. The main will close an existing gap within our watermain network without having to use direct Village funds or the Capital Improvements Program to complete the work. While the agreement required the work to commence within one year, the property owner has noted that they would like to complete the work this fall.
2. The total reimbursement costs will be based upon the construction costs for the extension. Staff estimates that the approximate cost of the extension will be about \$36,000. The up-front costs associated with the project will be borne by the property owner. Once the project is completed, the property owner will submit their final construction costs for the public watermain to the Village. Any costs associated with the construction of their private service line are not covered by the agreement.
3. The agreement provides for reimbursement using the one-percent Retailers' Occupation Tax Act collected by the State generated by a future retail tenant to the site. If the property remains vacant or if a non-retail sales tax generating use occupies the building, the Village does not have an obligation to provide any reimbursement. While an actual tenant has not signed a lease for the site to date, the agreement will strongly encourage the property owner to have the building occupied by a retail sales tax generating use.
4. The agreement caps the total reimbursement as the total accepted construction cost for the public watermain with the costs to be reviewed and approved by the Village. Moreover, revenues to be reimbursed shall be generated within the first five years after the agreement is approved. The agreement does not provide any interest reimbursement for the project.

ACTION REQUESTED

The ECDC recommends that the Village Board that they approve the Watermain Construction Reimbursement Agreement for 19W175 Roosevelt Road.

**WATERMAIN CONSTRUCTION REIMBURSEMENT AGREEMENT FOR
19W175 ROOSEVELT ROAD**

THIS AGREEMENT is entered into on this ____ day of _____, 20____, by the **VILLAGE OF LOMBARD**, DuPage County, Illinois, an Illinois Municipal Corporation (hereinafter referred to as the "**Village**"); and 19WLLC, an Illinois Limited Liability Company (hereinafter referred to as "**Owner**"); (the Village and Owner are sometimes referred to herein individually as a "Party" or collectively referred to as the "**Parties**").

WITNESSETH:

Pursuant to the provisions of Article VII, Section 10 of the 1970 Illinois Constitution, and 65 ILCS 5/8-11-20, and in consideration of the Preliminary Statements, the mutual covenants herein contained and other good and valuable consideration, the sufficiency and receipt of which is hereby acknowledged, the parties agree as follows:

I. PRELIMINARY STATEMENTS

Among the matters of mutual inducement which have resulted in this Agreement are the following:

- A. The Village is a municipality lawfully existing under the constitution and laws of the State of Illinois.
- B. 19WLLC, is the owner of record for certain existing property improved with a retail commercial building (the "**Subject Property**") legally described in EXHIBIT "A" attached hereto and made part hereof, and located within the boundaries of the Village.
- C. Owner intends to improve the Subject Property with a public watermain connection and water service line to service the business establishment located on the Subject Property.
- D. The Village represented as part of an annexation agreement between the Owner and the Village (said annexation agreement having been approved by the Village on July 21, 2005 pursuant to Ordinance 5679) that it owns and maintains a public watermain to serve the water needs of the Subject Property, however, this representation did not address additional watermain improvements that would be required by the Village in order to provide water service into the building located on the Subject Property.
- E. In order to accommodate the watermain connection proposed by the Owner, the Village requires a watermain extension from its current watermain termination point East of the Subject Property to an existing watermain located West of the Subject Property, as depicted on EXHIBIT "B" attached hereto and made a part hereof (the "**Watermain**

Extension”), as the service line proposed by the Owner exceeds the length requirements set forth within the Village Code for utility connections.

- F. The Village is desirous of having the business on the Subject Property operated in accordance with the Village Code in order to service the needs of the Village and its residents.
- G. The Watermain Extension, if completed, will improve water quality and service in the vicinity of the Subject Property.
- H. In light of the foregoing, a portion of the cost of the Watermain Extension should properly be paid for by the Village, and, as such, the Village contemplates certain incentives under the terms and conditions hereinafter set forth to assist in the construction of same.
- I. The parties hereto acknowledge, and Owner represents and warrants, that while the Owner will construct the Watermain Extension, the Watermain Extension requires economic assistance from the Village in order to complete the same, and, but for the economic assistance to be given by the Village, the Watermain Extension as contemplated would not be economically viable nor eligible for the financing necessary for its completion.
- J. For the purposes of this Agreement, the use of the terms "**Sales Tax**" and "**Sales Tax Revenues**" shall be construed to refer to that net portion of taxes imposed by the State of Illinois (hereinafter referred to as the "**State**") for distribution to the Village pursuant to the Retailers' Occupation Tax Act, 35 ILCS 120/1 et seq., and the Service Occupation Tax Act, 35 ILCS 115/1 et seq., (as said Acts maybe amended) and which are collected by the State and distributed to the Village (currently such net portion is one percent (1%) of the total amount of gross sales within the Village, which are subject to the aforementioned taxes).

II. CONDITIONS PRECEDENT TO THE UNDERTAKINGS ON THE PART OF THE VILLAGE

All undertakings on the part of the Village pursuant to this Agreement are subject to satisfaction of the following conditions by Owner on or before the dates hereinafter specified. In the event Owner does not comply in all material respects with the conditions precedent set forth in this Article II, then all obligations on the part of the Village pursuant to this Agreement shall be cancelled, and the Village shall have no further obligations with regard to the Watermain Extension, and any right on the part of Owner to demand performance thereof shall be deemed waived and also cancelled and of no force and effect.

- A. By September 1, 2007, Owner shall have applied for a building permit with the Village for the Watermain Extension, and have supplied the Village with an engineer's cost estimate for the Watermain Extension. If the contractor's cost proposal for the watermain extension exceeds the Engineer's Cost Estimate for the work to be performed, then the Owner shall submit the costs to the Village for approval prior to authorizing the contract to perform the public watermain construction activity.
- B. By October 1, 2007, Owner must have obtained final approval of its plans from any other governmental unit or agency, which has jurisdiction or authority over any portion of the Watermain Extension and/or plans. The submitted plans (hereinafter the "**Final Plans**") associated with the permit shall be in accordance with the regulations and ordinances of the Village, it being understood that the Village in its capacity as a municipal corporation has sole discretion to approve all plans for development within the Village, and the Village shall not be deemed to have caused a default hereunder or have any liability for its failure to approve the final plan for the Watermain Extension, except for its willful misconduct. The "Final Plans" shall mean any and all documents, plans and drawings submitted to the Village in order to obtain any permit required by the Village relative to the Watermain Extension.
- C. By December 1, 2007, Owner must have completed the Watermain Extension and delivered to the Village a certified statement in regard to the total cost of the Watermain Extension along with a Bill of Sale for said Watermain Extension. Said certification shall be over the signature of the chief financial officer of Owner. Owner shall allow the Village Manager or his designee to review a breakdown of and supporting documentation for Owner's investment in the Watermain Extension.

III. UNDERTAKINGS ON THE PART OF THE VILLAGE

- A. Upon satisfaction by Owner of all the conditions hereinabove stated in Article II, delivery to the Village of a certificate from Owner that all representations and warranties contained in Article V hereof are true and correct, and acceptance of the Watermain Extension by the Village as part of the Village's water system, the Village shall begin to make the Annual Installment Payment provided for below.
- B. The Village hereby agrees to pay Owner the Annual Installment Payment (as hereafter defined), beginning the last to occur of December 31, 2007 or the date that Owner has leased the Subject Property to a tenant and the tenant has taken possession of the Subject Property, and continuing on each anniversary thereof for (i) five (5) years or (ii) until the Village has paid Owner the total cost of the Watermain Extension as certified pursuant to Article II Section C., whichever occurs first, subject to the following calculations, deductions, terms and conditions:

1) The "Annual Installment Payment" shall mean an amount equal to the Sales Tax Revenues received by the Village from the State of Illinois, which are generated from sales on the Subject Property during the twelve month period preceding the payment date as referenced above. All amounts paid to Owner will be due and payable, solely from the Sales Tax Revenues received by the Village from the Subject Property, on the dates provided herein.

2) In no event shall the Village be obligated under this Agreement to make Annual Installment Payments to Owner, which, in the aggregate over the life of this Agreement, exceed the total certified costs for the Watermain Extension.

3.) Prior to making each Annual Installment Payment, the Village shall mail to Owner a letter, itemizing the gross Sales Tax receipts received from the State of Illinois for the preceding year, from retail sales on the Subject Property, any deductions to be retained by the Village, and the net dollar amount to be paid to Owner pursuant to this Agreement.

C. The Village shall provide for Annual Installment Payments required under this Agreement by appropriating an adequate amount therefor in its annual budget ordinance for the fiscal years in which such payments are due. The payments shall be the limited obligation of the Village payable solely out of the Sales Tax Revenues received from retail sales on the subject Property.

D. In the event Owner fails to deliver to the Village all of the foregoing certifications within the time periods set forth, or otherwise materially violates any term or provision of this Agreement, then in such event, the Village shall have no obligation to make any payment to Owner until such time as any such failure or violation is corrected to the reasonable satisfaction of the Village, and all rights of Owner to demand any current or future payment from the Village shall be deemed waived until such failure or violation is so corrected.

IV. UNDERTAKINGS ON THE PART OF OWNER

A. Owner shall complete the Watermain Extension in accordance with the schedule set forth herein and in accordance with the Final Plans, and all applicable ordinances, rules and regulations of the Village in existence as of the date of such approval, and all rules and regulations thereunder.

B. Owner recognizes and agrees that the Village has sole discretion with regard to all approvals and permits relating to the Watermain Extension, including but not limited to approval of the Final Plans, building permit and occupancy permit, and failure on the part of the Village to grant any required approval or issue any required permit shall not be deemed as the cause of a default by the Village under this Agreement or give rise to

any claim against or liability to the Village pursuant to this Agreement, unless such failure arises out of the negligence or misconduct of the Village. Notwithstanding the foregoing the Village shall not exercise its authority under the subsection in an unreasonable manner.

- C. Owner shall provide the Village with a power of attorney letter addressed to, and in a form satisfactory to, the Illinois Department of Revenue authorizing the Illinois Department of Revenue to release to the Village Finance Director, for each calendar month, all gross revenue and Sales Tax Revenues information relating to retail sales on the Subject Property, which letter shall authorize such information to be released to the Village and shall be in the form attached hereto as EXHIBIT "C", and made part hereof, or such other or additional forms as required from time to time by the Illinois Department of Revenue in order to release such information to the Village. No payments required under this Agreement shall have to be made by the Village without receipt of satisfactory information from the Illinois Department of Revenue indicating the Sales Tax Revenues generated from retail sales on the Subject Property for the time period covered by the applicable Annual Installment Payment. All such information received by the Village shall be considered confidential proprietary information and shall not be disclosed to any other person or entity by the Village or its Finance Director without the written consent of the business entity paying the Sales Tax Revenues to the Illinois Department of Revenue. For the purposes of this subsection it is the intent of the parties that such information shall be deemed exempt from public disclosure pursuant to 5 ILCS 140/7(g), or any future recodification thereof.
- D. Owner hereby covenants and agrees to promptly pay or cause to be paid as the same become due, any and all taxes and governmental charges of any kind that it may at any time be lawfully finally assessed with respect to the Subject Property; provided, however, that Owner may withhold any such tax payment for which it has filed a formal protest, with a certified copy forwarded to the Village, pursuant to a prescribed statutory procedure allowing for such nonpayment until the protest has been ruled upon; provided further, however, that any payment required after such protest is ruled upon shall be promptly paid.
- E. Owner shall give the Village notice regarding any defaults on the payment of any Sales Tax due to the Illinois Department of Revenue from retail sales on the Subject Property.

V. **REPRESENTATIONS AND WARRANTIES OF OWNER**

- A. Owner hereby represents and warrants that the Watermain Extension requires economic assistance from the Village in order to complete it in accordance with the approved Final Plans, and, but for the economic assistance to be given by the Village as heretofore stated, the Watermain Extension as contemplated would not be economically viable nor eligible for the financing necessary for its completion.

- B. Owner hereby represents and warrants that the Watermain Extension shall be constructed and fully completed in a good and workmanlike manner in accordance with the Final Plans approved by the Village.
- C. Owner hereby represents and warrants that it will not knowingly violate any applicable Village zoning ordinance or regulation, building or fire code regulation, or any other applicable Village ordinance, resolution or regulation as they relate to the Subject Property unless they are being contested in a lawful manner.
- D. Owner hereby represents and warrants that it will not knowingly violate any applicable law, rule or regulation of the State of Illinois, County of DuPage or the United States of America, and all agencies thereof as they relate to the Watermain Extension, unless they are being contested in a lawful manner.
- E. Owner hereby represents and warrants that it is an Illinois limited liability company in good standing.
- F. Owner will begin construction on the Watermain Extension on or before November 1 2007 except in the event Owner is unable to begin said construction due to any strike, lockout, labor dispute, construction delays, civil disorder, riot, war, casualty or act of God or other similar event beyond the reasonable control of Owner.
- G. Owner hereby represents and warrants that attached as EXHIBIT "A" is the legal description of the Subject Property and that said legal description is accurate and correct.

VI. DEFAULTS

The occurrence of any one of the following shall constitute an event of default by Owner under this Agreement:

- A. Failure to comply with any term, provision or condition of this Agreement within the times herein specified;
- B. **Failure of** a representation or warranty of Owner contained herein to be materially true and correct when made.
- C. In the event of any non-monetary default and/or breach of this Agreement or any terms or conditions by either Party hereto or bound by this Agreement, such Party shall upon written notice proceed promptly to cure or remedy such default or breach within said sixty (60) days after receipt of such notice; provided, however, that in the event such default is incapable of being cured within the sixty (60) day period and the defaulting

Party commences to cure within said sixty (60) day period and proceeds to cure with due diligence, such Party shall not be deemed to be in default under this Agreement. In case such action is not taken or not diligently pursued or the default or breach shall not be cured or remedied within the above time or in the event of a monetary default (time being of the essence with respect to the payment of any sums required hereunder), the aggrieved Party may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy such default or breach including but not limited to proceedings to compel specific performance by the party in default or breach of its obligations, but not specific performance of any obligations to construct any buildings or other improvements. The rights of the Parties to this Agreement, whether provided by law or this Agreement, shall be cumulative and the exercise by either Party of any one or more of such remedies shall not preclude the exercise by it of any one or more of such remedies in relation to the same default or breach by the other Party. No waiver made by either Party with respect to any specific default by the other Party under this Agreement shall be construed as a waiver of rights with respect to any other default by the defaulting Party under this Agreement or with respect to the particular default except to the extent specifically waived in writing. Notwithstanding anything contained herein to the contrary, all monetary damages resulting from a breach of this Agreement shall be limited to the non-defaulting Party's actual out of pocket costs and expenses resulting from such breach along with all costs and expenses, including reasonable attorneys' fees, incurred by the non-defaulting Party in enforcing this Agreement. In the event of any litigation between the Parties hereto resulting from a breach of this Agreement, the prevailing Party in such litigation, as determined by final judgment, shall be entitled to an award of its attorneys' fees and costs incurred in such litigation.
