

**Village of Lombard
Recycling Education Grant Program
APPLICATION**

Line # 91
100603
revised 4/07
10/26/10

OCT 15 2010

PART 1 – GENERAL INFORMATION

Name of institution: Glenn Westlake Middle School
 Address: 1514 S. Main Street, Lombard, IL 60148
 Name and title of person to contact: Kathy Dietz, Environmental Club Chairperson
 Number of students: 1200 Number of students residing in incorporated Lombard: 1000 (estimate)

PART 2 – AMOUNT REQUESTED & PROJECT DESCRIPTION

- a. Amount of grant request: \$ ~~714.03~~ 620.00
- b. How many students will the grant funds help to educate? 1200
- c. Has the institution received prior grant money from the Village of Lombard? YES NO
- d. Provide a clear, concise description of the proposed project. Indicate how the project promotes enthusiasm to learn more about the environment, how the project fits into your organizations curriculum and how it will enhance environmental education or outreach.
- e. Provide detailed descriptions of items requested and costs. If the grant involves commodity purchases, provide three quotes including vendor name and prices. If recycled products are being purchased, list what percentage of product is made from recycled materials.

PART 3 – CURRENT PROGRAM (RECYCLING, ENVIRONMENT, CONSERVATION)

- a. Has your institution earned the Earth Flag? YES NO
(for information on earning the Earth Flag visit www.bookrescue.org/scarc/default.asp?page=Searthflag)
- b. Does your institution have an environmental club? YES NO
- c. How many students participate in recycling/environmental/conservation efforts? 15
- d. How many students are being taught about recycling/environment/conservation? 1200
- e. How are environmental programs emphasized in your classes? Recycle bins in classrooms
- f. In your typed report, explain your current recycling/environmental/conservation program and past accomplishments. How long have you had this program? What does the institution do for the environment other than recycling? How has the program helped people in the Village of Lombard?

David Gorman
Assistant Public Works Director
Village of Lombard
1051 S. Hammerschmidt Avenue
Lombard, IL 60148

Dear Mr. Gorman,

On behalf of Glenn Westlake Middle School and its Environmental Club, I hope you will consider our submission for the Village of Lombard's Recycling Education Grant Program. We are extremely excited about what this grant could mean for our recycling program at the middle school.

Please feel free to contact me if you need any further information or have questions. Thank you so much for this opportunity.

Sincerely yours,

Kathy Dietz

**VILLAGE OF LOMBARD
ENVIRONMENTAL CONCERNS COMMITTEE
RECYCLING EDUCATION GRANT PROGRAM APPLICATION**

PART 1-GENERAL INFORMATION

Kathy Dietz
Environmental Club Chairperson
Glenn Westlake Middle School
1514 S. Main Street
Lombard, IL 60148

Number of students: Approximately 1200

Number of students residing in incorporated Lombard: Approximately 1000

PART 2-AMOUNT REQUESTED & PROJECT DESCRIPTION

- a. Amount of grant request: \$714.03
- b. The grant funds will help to educate our entire middle school, approximately 1200 students and staff members.
- c. To my knowledge, Glenn Westlake Middle School has not received any prior grant money from the Village of Lombard.
- d. It makes me sad to see how wasteful our middle school is. When I look into garbage cans I see plastic bottles, pop cans, and paper mixed in with waste that can't be recycled. Students and staff don't even stop to think about what they are putting into the garbage and what impact this will have on our landfills and future. The school needs a drastic overhaul. Educating the students and staff is our first priority. Westlake's Environmental Club is looking into creative ways to educate our school.

However, the other part of the problem is that we don't have enough resources available to help make a recycling program successful. If we don't

have accessible recycling bins, throughout the building, how can we expect students and staff to take part in a recycling program? For people to recycle, it needs to be convenient, and right now, it is not. Many teachers don't even have a recycling bin in their classrooms, and there aren't any recycling containers in the hallways. We are asking the Village of Lombard to help provide us with recycling containers to begin a successful recycling program at Glenn Westlake Middle School.

To add enthusiasm for the recycling program, we will hold a school-wide contest to see which grade level recycled the greatest amount of materials. We want students to be enthusiastic about recycling. And although holding recycling contests may seem insignificant, we feel it is a morale boost that is greatly needed at our middle school. And we will make sure that this momentum continues and grows at Westlake.

- e. To start a successful recycling program at Glenn Westlake Middle School, we submit the following list of items for your consideration:

(Please see attached pages for pictures and further details. Shipping costs are included in the printed invoice previews.)

Item	Company	Quantity	Price	Total Price
Rubbermaid Untouchable Recycling Containers, 23 gallon, Square, Blue	KaTom Restaurant Suppy, Inc.	6 Total 2 for each grade level pod.	40.85 each	245.10
Rubbermaid Untouchable Bottle/Can Recycle Lids	KaTom Restaurant Suppy, Inc.	<i>83</i>	16.91 each	101.46 <i>50.73</i>
Rubbermaid Untouchable Paper Recycle Lids	KaTom Restaurant Suppy, Inc.	<i>83</i>	16.07 each	96.42 <i>48.21</i>

Item	Company	Quantity	Price	Total Price
Recycling Tote-14 gallon	Global Industrial	20	8.95	179.00
Shipping and Handling				92.05

Grand Total: ~~\$714.03~~ \$620

**PART 3-CURRENT PROGRAM
(RECYCLING, ENVIRONMENT, CONSERVATION)**

- a. Yes, Glenn Westlake Middle School has earned the Earth Flag. It has been at least 10 years since the Earth Flag was granted. We would like to reapply for the Earth Flag.
- b. Yes, Glenn Westlake Middle School does have an environmental club.
- c. At this time, Westlake’s Environmental Club currently has 15 students participating. That number has risen from last year, when I acquired the club. We would really like many more students involved.
- d. The hope of our environmental club is that we are educating all 1200 students about recycling, the environment, and conservation. We hope to do this through new recycling initiatives, guest speakers, and public announcements.
- e. Currently, I don’t believe teachers are emphasizing environmental programs in their classes. We hope to educate teachers and give them resources so that they can in turn educate their students about being environmentally conscious. It is definitely a problem that we are slowly looking to change.
- f. Ten years ago, I felt that Glenn Westlake Middle School was on the cutting edge of recycling and environmental education. The teacher in charge was very positive and was truly making a difference. Unfortunately, that teacher retired leaving Westlake’s Environmental Club in disrepair. No

one even knew that Westlake even had an Environmental Club, which is unfortunate. This is my second year of being Chairperson for the club. It really has been like starting completely over. Last year with only a few students as part of the club, we sold environmentally friendly lunch bags to cut down on the use of paper bags in the cafeteria. We also collected bottle caps to send to companies that could reuse them and turn them into new packaging. We joined organizations that help recycling initiatives, such as: Cell Phones for Soldiers and Terracycle. At the end of this past school year, we held a shoe drive for the Nike Reuse a Shoe program. My goal for the first year as Environmental Club Chairperson was to renew excitement for environmental issues. I believe we achieved that goal. This year, I want to focus on educating the students and staff and focus on recycling initiatives within the building. We have a long way to go, but I definitely see Glenn Westlake Middle School, in the near future, as a model for environmentally friendly schools.

We have helped the people in the Village of Lombard by offering to be a collection location for the Nike Reuse a Shoe, Terracycle, and Cell Phones for Soldiers. I would really like for the environmental club students to volunteer this year. I want them to see the impact that they can have on their community.

Thank you so much for this opportunity and for your consideration.

Need More Information?

Information about our 30 Day Satisfaction Guaranteed Return Policy, Shipping, Rebates and more is available through [help](#). For further assistance, please call 1-888-628-3466 or email service@globalindustrial.com.

Our Commitment to Security

GlobalIndustrial.com is dedicated to making sure that you enjoy a secure shopping experience. This site has security measures in place to protect the loss, misuse and alteration of the information under our control, including 128-bit encryption technology and Secure Socket Layers (SSL) in all areas where your personal identity is required.

Privacy Policy

GlobalIndustrial.com is committed to protecting your privacy. We will not distribute your personal information in any form. If you are interested in learning more about our efforts to provide a secure shopping environment, please read our [privacy policy](#).

We do not charge your credit card or bill you until your order is shipped. Orders with PayPal as method of payment are submitted to PayPal when the order is entered into our system.

Shipping Charges

Shipping charges are based upon weight, dimensions, distance traveled and type of shipping service you specify (ground, next day, second day).

All shipments are F.O.B. shipping point. Shipping method is determined by size and weight of each item. Items of differing size and weight may ship independently, by different methods, even if ordered together. Items that are too large or too heavy for UPS will be shipped motor freight. Someone must be present to accept truck deliveries. Standard truck delivery is to a facility with a dock designed to receive freight. Twenty-four hour notification, residential deliveries, lift gate, or inside deliveries are available each with an additional charge.

To view shipping charges, use the Shipping Calculator featured in the Shopping Cart. Unless otherwise stated, freight and shipping fees will be charged for shipments to anywhere in the contiguous United States, using a carrier of our choice. Other terms apply to Alaska, Hawaii, Puerto Rico, and export orders. Any extra charges incurred for additional services, such as customer's carrier or special handling by the carrier, must be paid by the consignee. Items backordered from an order qualifying for prepaid shipping charges will be shipped prepaid. Title and risk of loss pass to the customer upon tender of shipment to the carrier. Certain restrictions apply to Free Shipping promotions. These include use of our choice of carriers and shipping methods as well as other limitations.

Collect Shipments - We will gladly ship via your specified carrier however; we will not ship with certain carriers due to poor experience.

TRANSIT TIME:

- UPS Ground: 3 - 8 Business Days
- UPS Second Day: 2 Business Days
- UPS Next Day Air: 1 Business Day
- Truck: 3-8 Business Days

14 Gallon Curbside Bin

\$12.95

These 14 Gallon Curbside Bins are made from high density polyethylene that makes them durable in harsh conditions

\$12.95

These 14 Gallon Curbside Bins are made from high density polyethylene that makes them durable in harsh conditions. They are light weight (approx 3.5 lbs) containers with easy-grip handles that are built into the plastic also referred to as carrying lip. These curbside recycling bins are so designed that approximately 500 curbside containers can easily be loaded together to facilitate transportation. You can use these outdoor recycling containers for disposing waste paper, glass, metal, plastics and decomposable waste materials. They are manufactured according to the municipality's specifications and are just perfect for various waste reduction programs. Dimensions: 13 5/8" x 16" x 21 5/32"

Capacity: 14.4 Gallons
