Fire Chief

DATE : October 8, 2007

SUBJECT : **Interoperability Resolution**

The Emergency Telephone System Board (ETSB) has provided initial funding for Phase one (backbone) of an interoperable radio system in the 700MHZ. This extremely large and complex project will require the efforts of all the municipal stakeholders.

The ETSB as the lead agency for this project representing all of DuPage County except for Naperville who is a stand-alone agency has requested that municipalities demonstrate support for the project by resolution. This support will be important as the ETSB seeks funding through various grants.

Please place before the board of trustees at their October 18, 2007 meeting the attached resolution. The content of the resolution and attachment were prepared by the DuPage Mayors and Managers Conference.
