Subject: Manhole Rehabilitation Program 2017

This is the third year of a formalized Capital Improvement Plan Program (RM PROG 37) to inventory, assess and address the condition of manholes within the Village. The intent of the program is to visually inspect the condition of manholes (primarily sanitary) within the sewer system and then generate bid documents or enter into service contracts that will focus on fixing deficient structures with the most effective restoration/rehabilitation technique at the most advantageous cost.

This year will be focused on the manholes that were televised in 2015 and 2016. The scope of work includes grouting, cementous and/or epoxy lining a maximum total of 35 manholes located throughout the Village. There is a total thirty (30) structures in the base bid and five (5) in the additive. Products must be supplied from the pre-approved products list outlined within the specifications.

Nine (9) potential bidders purchased bid documents, on June 6, 2017 at 1:30 PM, Public Works - Engineering received and read aloud three (3) bids. The results are summarized below:

Company	Base Bid	Additive	Base Bid & Additive
National Power Rodding Chicago, Illinois	\$110,605.00	\$16,753.00	\$127,358.00
Michels Pipe Services Brownsville, Wisconsin	\$128,662.36	\$19,927.42	\$148,589.78
Kim Construction Steger, Illinois	\$151,882.00	\$23,800.00	\$175,682.00
Engineer's Estimate	\$95,300.25	\$9,585.00	\$104,885.25

Within two business days after the Village Board of Trustees awards the contract, the bid tabulation for the project will be posted on the Village website, through QuestCDN. Please contact me if you choose to receive a copy of the bid tabulation, have any questions or need any additional information.

Public Works-Engineering recommends award of this contract in the amount of \$110,605.00 for the Base Bid to National Power Rodding Corporation (NPR) of Chicago, Illinois as the lowest responsible and responsive bidder. NPR was the contractor for the 2016 Manhole Rehabilitation contract and performed satisfactorily.
