## InterOffice Memo

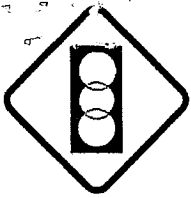

**To:** David Hulseberg, Village Manager  
**Through:** Carl Goldsmith, Director of Public Works *CG*  
**From:** David A. Dratnol, P.E., Village Engineer *DD*  
**Date:** December 6, 2010  
**Subject:** St. Charles Traffic Signal Improvements Equipment Purchase – Bid Waiver: Project Number: ST-11-04

The St. Charles Traffic Signal Improvement Project consists of purchasing and installing Video Detection Systems at the intersections of Crescent, Elizabeth, Park, and Main with St. Charles Road. To expedite the project, the Video Detection Systems for four (4) intersections will be purchased directly by the Village, and the installation of the product awarded to the lowest responsible bidder in the near future.

The Video Detection System to be purchased for each intersection is a specific product and is only available through a sole/regional distributor. Because of this regional distribution product arrangement, staff requests the bid process be waived for this purchase. Please find attached a quote for the equipment necessary for this project, which is summarized below.

Company	Product	Total
Traffic Control Corporation	Econolite- Autoscope Solo Terra Video Detection Systems w/programming	\$93,380.00

Please present this item to the President and Board of Trustees for review and approval at the December 16, 2010 Board meeting. If approved, Public Works Engineering will proceed with placing the order.
