December 5, 2009

Narrative for Project #20092428 OSA/VIS DuPage Invitational Sculpture Show

The DuPage Invitational Sculpture Show, an outdoor monumental sculpture exhibition, was carried out as planned. We enjoyed moderate weather which allowed the open outdoor sculptural garden effect. Planned were two large tents with indoor sculpture. The public seemed to really enjoy the varied sculptural styles that ran from whimsical to uniquely abstract. We received good press coverage with pre-program events and day of press articles.

Some deviations Light student participation – our goal was at least 10, we had four.

Reasonable seasoned artist participation – our goal was 20, turnout was 9.

The tents were filled tightly. We would plan one more tent, depending on artist participation.

Visitor participation exceeded goal. We hope for 800, turnout was 1200+

Food court was cancelled due to lack of participation from restaurateurs.

We redesigned the show logo for a more edgy, arty feel, yet rather formal design.

Fundraising slightly exceeded the goal. Our goal was \$10,000. We raised a little more the \$11,000.

The Arts Council Logo appeared on all printed marketing material. (Enclosed) The grant was notified and received post event, so we did not know to add the line “this program is partially supported by a grant from the Illinois Arts Council.”

If the program was conducted again, would there be any changes in its structure, operation and or scope? Student turnout and participation was our major concern. Our goal was to foster and encourage new talent and allow a venue to support student work. We met with a team at one of the stronger participating high schools to set up more defined application process. We have changed size requirements and added more specific details that might help students understand what variations of 3 dimensional work would be accepted. We also decided to communicate directly with art departments rather than administrative.

We will also set up a more formal program for the awards, and provide a sound system to carry this out.

Evaluate the program in terms of accomplishment of program goals and its success and impact on its audience.

The goals and grades for evaluated results are as follows:

- *To educate the public on a multitude of styles of original sculpture.-result- Good.*

The public saw a wide range of media and styles.

- *To seek out and celebrate Dosage County candidates for public art programs.- result-Good.*

Each sculptor could sell his/her work as public art.

- *To provide an opportunity for DuPage County artists to display and sell sculpture.-result-Excellent*
this was a unique venue offered only for DuPage Artists. They enjoyed the opportunity to show in their home county. The stunning display of lilacs in bloom was an outstanding setting.

- *To keep DuPage County artists working in DuPage County- result-Fair*

Work was not sold during the event. Artist did receive good exposure for future sales.

- *To introduce and educate other municipalities to Lombard's Public Art program, a matching grant initiative that provides public art displays through shared costs.-result-Fair*

3 mayors from other municipalities came out to see the sculpture and review the public art program from Lombard. 10 or more was desired.

- *To inspire and reward young people for their pursuit of the arts.-result-Excellent*

Many youngsters accompanied families for an inspirational day in the park. The artists and judges spent time discussing the art forms with the public

- *To offer the experience of showing art to outstanding new student-artists and to provide an opportunity for high school art students to take part in a community art project, and become exposed to new art forms.-result-Excellent.*

Although participation was lighter than hoped, those high school students that competed received college level critiques from two professors that judged their work. There were long discussions with the seasoned adult artists as well. The student experience was stronger than anticipated. The feedback and encouragement was tremendously beneficial.

History and Mission/Organizational Capability:

The Friends of the DuPage Theatre is a Not-For-Profit organization whose advocacy includes historic preservation, the proliferation of the Arts, and enhancing the quality of life in our community and its surrounding area. Established in 2002, our primary mission was to save, restore, and adaptively re-use the DuPage Theatre and Shoppes, which was listed on the National Register of Historic Places.

Our mission evolves to changing the local, state, and national environment, to one under which historically significant buildings and sites will be preserved and protected. We remain committed to the creation of a community-owned and operated Center for the Arts, on the property of the former DuPage Theatre and Shoppes, in order to fulfill the wishes of the original donor of this historic building and property.

The board continually seeks the opportunity to provide education and enhancement of the arts in the community. This annual sculpture show is a prime example of providing a venue to artists to show and sell their art. DuPage County residents are then recipients of expanding their awareness of creative art forms through events like this.

The Lombard Arts Coalition will be the artistic director branch of the event. Since its inception, the Lombard Arts Coalition has brought art instruction of many disciplines to the community. It has fostered cooperative relationships with many Lombard-based entities, including Lombard Park District, Lombard Towne Centre, Lombard Chamber of Commerce and the National University of Health Sciences. They have also worked with local school districts and agencies such as Community Art Partners. Member and Open Art Shows are an annual occurrence. The Coalition has held free-to-the-public programs of theater and creative workshops.

In the pursuit of excellence and creativity, the purpose of the DuPage Invitational Sculpture Show is as follows:

- To educate the underserved public on a multitude of styles of original sculpture.
- To seek out and celebrate DuPage County candidates for public art programs.
- To provide an opportunity for DuPage County artists to display and sell sculpture.
- To keep DuPage County artists working in DuPage County.
- To educate DuPage municipalities regarding Lombard's Public Art Program.
- To inspire and reward young people for their pursuit of the arts.
- To grant the experience of showing art to outstanding new/student artists.
- To provide an opportunity for middle and high school art students to become involved in a community art project, and be exposed to new art forms.
- To promote visits to Lombard's beautiful and historic botanical gem, Lilacia Park, during Lombard's annual Lilac Time Festival.

Evidence of Community Support:

The Village of Lombard Community Promotions & Tourism Grant
Sponsorships from Waste Management, Inland Bank, Lombard Financial Services, Klein Thorpe & Jenkins Law Offices

Individual donations from citizens

An Intergovernmental Agreement with the Lombard Park District, Lombard Library System & the Village of Lombard, for support of services, materials and facility usage.

Community Involvement:

The Friends of the DuPage Theatre, the Lombard Arts Coalition, the Village of Lombard, the Lombard Park District, Lombard Library System and Lombard Town Centre (via Illinois Main Street) expect that the DuPage Invitational Sculpture Show will successfully bring much needed recognition to DuPage County sculpture artists, the large sculpture form of art and inspire and reward young people for their pursuit of the arts.

Serving DuPage County & Illinois Artists of different levels of expertise specifically in Sculpture in a one day outdoor park event:

This one day event, scheduled on May 7, 2011, from 11:00am- 6:00pm will involve sculptors ages 14-19years old high school category, college level to age 25 years old, and established adult artists (18 years & older non student) from the greater DuPage County suburban area

The DuPage Invitational Sculpture Show, the first of its kind in DuPage County, is designed to showcase DuPage County sculpture artists. Large-format sculpture is an art form in decline and the market for sales of original work is very limited. Many times, DuPage County artists cannot find a successful foothold in neighboring counties for their original work. The DuPage Invitational Sculpture Show intends to provide an avenue for these talented artists on their home turf. This county-wide effort is geared to present new art experiences to not only the public, but municipalities and corporate entities that are potential customers. Sales by the artists will enforce and encourage the proliferation of art—especially with many of these corporate entities adding considerations for public art in their budgets. Scholarships will be awarded to student artists.

SPONSOR LIST for 2009-2010 Events:
