FISCAL IMPACT:

Hardware (640.840.840.73920).

BACKGROUND/POLICY IMPLICATIONS:
The Village of Lombard has standardized on the use of Dell computer equipment, to include computers,
servers, laptops, and monitors. All of our computer equipment has a replacement lifecycle that the Village
uses as a means of ensuring that Village staff are utilizing up to date equipment and software to operate as
secure and efficiently as possible. The Village budgets for these replacements based on the expected
lifecycle of equipment on an annual basis from the Technology Reserver Fund. This year, we have 31
desktop computers, 21 laptops, and 62 monitors that have reached the end of their lifecycle and need to be
replaced.

RECOMMENDATION:
Staff recommends the Village Board of Trustees approve a proposal from Dell in the amount of $52,868.32,
