Subject: Disk to Disk Complete Backup System/Disaster Recovery

I.T. has spent the last few months reviewing and investigating the replacement of the current computer tape backup system. The current tape backup system is five years old, to get a complete backup it takes about 20 hours, and the cost of tapes continue to increase.
IT has investigated or has seen demos on disk to disk backup systems that provide better disaster recovery capabilities, a shorter backup window, faster retrieval for restoring data, and that work with all operating systems. After a complete evaluation of Unitrends, EMC, Dell AppAssure, and EverSync backup systems, I.T. recommends purchasing the Unitrends backup system. A couple features the Unitrends system offered is the capability of backing up the iSeries(AS400) and being able to restore complete systems either physical or virtual from the backup media.
The economics of Unitrends backup system are:
3-5 years Appliance Investment
All-In-One Solution
All Clients/Agents Included
All Inclusive Hardware/Software, Maintenance, Support
No Recurring License Cost
98% Customer Satisfaction, US-based Suppor

Funding for this project would come from the Information Technology Budget.

I.T. recommends the purchase of the Unitrends Computer Backup System from CCC Technologies, Inc. in an amount not to exceed $29,999.00 includes 3yrs of support.

THANK You!

This quote is designed to meet your protection requirements of 5 TB of data with 30 days retention.

Rack Mount Backup Appliance(s)		Qty	Price	Extended
RC822	Recovery-822 Backup Appliance (RC822): This is a 2U form factor appliance with ten disk drives (two 1TB internal plus eight 2TB externally accessible) in a staged RAID-1/RAID-6 configuration that supports on-premise, off-premise, or cross-vaulting data protection. It may be used with another of our appliances for single-tenant private cloud implementations or with our Vault2Cloud multi-tenant public cloud implementation. For technical specifications, please see the data sheet.	1	$19,995.00	$19,995.00
Rack Mount Backup Appliance(s) Subtotal				**$19,995.00**

3 Year Product Support (Multi-Year Discount Applied)		Qty	Price	Extended
SP-RC822-3	Support (Platinum) - 3 year platinum support service for hardware and software sold by Unitrends. For Recovery-series appliances, this support service covers hardware, parts-level maintenance, firmware upgrades, next day parts and unit shipping for any warranty repair. Includes software maintenance and upgrades. Access to self-help materials. Available RapidReplacement next-day DR replacement unit shipment. (Note: if used in concert with Vault2Cloud, then ships with customer's last synchronized data pre-loaded on the appliance.) LAN, customer environment, WAN assistance (for vaulting or cross-vaulting.) Support for dissimilar bare metal driver discovery from third-party sources. Web/telephone based support available 7x24x365. Does not include business critical support service features; see support data sheet for more information.	1	$11,038.00	$11,038.00
3 Year Product Support (Multi-Year Discount Applied) Subtotal				**$11,038.00**

Disk Archiving		Qty	Price	Extended
RXDA	Empty 1U form factor 4-bay rotational archiving device for rack-mounted units.	1	$575.00	$575.00
ADA-2X2ESATA	2 2-Port eSATA Adapters	1	$495.00	$495.00
RD4000	4TB 7200 RPM disk drive with necessary carrier.	4	$499.00	$1,996.00
Disk Archiving Subtotal				**$3,066.00**

Advanced Exchange Search/Recovery		Qty	Price	Extended
IRX500	Advanced Exchange search and item-level recovery for up to 500 mailboxes	1	$2,732.00	$2,732.00
Advanced Exchange Search/Recovery Subtotal				**$2,732.00**
