Subject: Extending "No Parking" zone at 1015 N. Ridge Av.

I received a request from Tela Tool Manufacturing, 1015 N. Ridge Av., to extend the current "No Parking" zone to north of their loading dock (see attached drawing). The Village has allowed this in the past to help truck drivers deliver their goods more safely. I reviewed this request and found adequate parking in the area for customers and employees. I would recommend extending the "No Parking" zone as indicated on the drawing.
