9/30/04**MEMORANDUM**

TO: William T. Lichter, Village Manager

FROM: David A. Hulseberg, AICP, Director of Community Development *D.A.H.*

DATE: October 7, 2004

SUBJECT: **PC 04-25: 201, 205 and 211 E. Roosevelt Road; 1200 S. Highland Avenue; and 112-116 & 120-124 E. 13th Street (Southwest Corner of Roosevelt Road & Highland Avenue)**

At the September 2, 2004 Village Board meeting, the Board approved a first reading of an Ordinance approving the zoning actions associated with PC 04-21. Since that time, staff and the petitioner have been working on a first amendment to the annexation agreement for the subject properties which substitutes the petitioner's proposed plan and establishes provisions for public infrastructure improvements and the phasing of the development.

Since the first reading of the Ordinances, the petitioner has also revised the architectural plans for the TCF bank building to satisfy concerns raised by staff. The plans are attached for your reference. At the Plan Commission meeting, a condition was added that required the south window elevation to be of a spandrel glass design, so that excessive lighting would not be seen from neighboring properties. As an alternate, the petitioner has also provided staff with line of sight information which demonstrates that any lighting from the window would not be direct lighting and would not create negative impacts of the residential properties. Staff believes that the alternate plans are acceptable and that the condition added by the Plan Commission is no longer needed.

Please find a copy of the following items:

1. An Ordinance approving conditional uses for a planned development with deviations, outdoor dining and for a drive-through facility, subject to an amended condition; (second reading) and
2. An Ordinance approving a first amendment to the annexation agreement for the subject property (waiver of first reading is requested).
3. Amended bank elevation plans associated with the petition.

The Village may, at its election, pay for 100% of the cost of the 13th Street Phase II Improvements and create a Special Assessment Area which includes the Subject Property, in which event, Developer shall reimburse the Village in equal annual installments the Developer's 50% share of the cost of the 13th Street Phase II Improvements pursuant to said Special Assessment proceeding, with such Special Assessment proceeding to provide for not less than five (5) annual installments nor more than fifteen (15) annual installments.

(c) Demolition of Tavern. (i) A portion of the Subject Property is subject to a lease dated as of June 1, 1996 by and between one of the current owners of the Adjacent Property, Michelle Trust No. 9 dated December 20, 1996, as landlord, and Edward J. Riley and James Allman, collectively as tenant (the "**Tavern Lease**"). The Tavern Lease pertains to a 27,000 square foot area of the Adjacent Property on which is located a restaurant/bar building commonly known as Riley's Classic Sports and Eatery (the

“**Tavern**”) and a related off-street parking area. The term of the Tavern Lease expires by its terms June 30, 2006 (the “**Termination Date**”).

(ii) Developer, for itself and for each successor owner of the Subject Property, covenants and agrees as follows with respect to the Tavern and the Tavern Lease: (A) Developer will demolish or cause to be demolished the Tavern (the “**Demolition Work**”) within 120 days of the expiration or earlier termination of the Tavern Lease, subject, however, to the extension of such date due to force majeure events or other reasons, not including financial, beyond the reasonable control of Developer (such 120th day, as so extended, if at all, being the “**Outside Completion Date**”); (B) Developer will not amend the Tavern Lease to extend the term of thereof, as set forth above; (C) Developer will not grant the tenant under the Tavern Lease the right to keep or maintain the Tavern on any of the Subject Property after the earlier to occur of (x) the Termination Date, or (y) if applicable, the earlier termination of the Tavern Lease; (D) as security for Developer’s obligation to do or cause to be done the Demolition Work, Developer will provide to the Village (by no later than, and as a condition of, the issuance of the first occupancy permit for either Lot 1 or Lot 2) a bond or other form of security in the amount of the reasonably estimated costs of the Demolition Work and, in either case, in form and substance and issued by a surety or financial institution reasonably acceptable to the Village (the “**Demolition Work Completion Security**”); and (E) in the event that Developer fails to complete or cause to be completed the Demolition Work by the Outside Completion Date, then Developer hereby grants the Village the right to do or cause to be done the Demolition Work with its own forces, to use the Demolition Work Completion Security for such purposes, and to have access on, over and across the Subject Property as is reasonably necessary for such purposes; provided, however, before the Village may exercise the foregoing right, the Village shall have first notified the Developer that the Demolition Work has not been completed by the Outside Completion Date, and a period of thirty (30) days after the Developer’s receipt of such notice shall have elapsed without the completion of the Demolition Work.

(d) *Garfield Street Improvements*. Developer covenants and agrees to do or cause to be done, at its sole cost and expense, the following improvements to Garfield Street contemporaneously with its development of Lot 3 (collectively, the “**Garfield Street Phase I Improvements**”): (i) the installation of approximately 1,825 lineal feet of new concrete sidewalk along the east side of Garfield Street between 13th Street and Roosevelt Road; (ii) the planting of seven (7) parkway trees in connection therewith; and (iii) the installation of four (4) decorative street lights also in connection with the foregoing improvements. The Garfield Street Phase I Improvements shall be done in accordance with plans and specifications that are approved by the Village Engineer.

(e) *Phasing of Work*. (i) The Village acknowledges that the Developer intends to construct the Development in two (2) phases, with the earthwork, utilities, storm water management, paving, lighting, landscaping and building construction work for Lots 1, 2 and 4 being undertaken (the “**Phase I Improvements**”) prior to the time that improvements for Lot 3 and Lot 5 (the “**Phase II Improvements**”) are commenced. The Village agrees that it will issue construction and occupancy permits and certificates for

the Phase I Improvements hereto notwithstanding that the Phase II Improvements may not have been commenced (or, if commenced, may not have been completed) at the time of an application to the Village for any one or more of the construction and occupancy permits for the Phase I Improvements.

(ii) The Village acknowledges and agrees that the size of the retail and/or restaurant building or buildings that Developer shall be permitted to construct as part of the Phase II Improvements shall be determined by the bulk regulations of the Zoning Ordinance, as then in effect, including the amount of off street parking then required by the Zoning Ordinance for the proposed use or uses.

16. **Exhibits.** All exhibits that are attached to and made of the Agreement (the “**Old Exhibits**”) are hereby superceded by the exhibits that are attached to and made a part of this Amendment (the “**New Exhibits**”). Accordingly, the Old Exhibits are no longer of any force or effect, and the New Exhibits, alone, shall be deemed to be controlling.

17. **Closing Condition.** Notwithstanding any provision of this Amendment to the contrary, it is understood and agreed that this Amendment and the mutual covenants, promises and obligations of each of the parties hereto is contingent upon Developer having acquired fee simple title to the Adjacent Property on or before December 31, 2004. Accordingly, this Amendment shall be null, void and of no force and effect unless, by no later than December 31, 2004, (a) the current titleholder of the Adjacent Property shall have conveyed legal title to the Adjacent Property to the Developer, and (b) the Developer shall have provided written notice to the Village of the date of such acquisition (the “**Acquisition Notice**”). The Village and the Developer may agree in writing to extend the said December 31, 2004 date without the same being deemed to be an amendment to this Agreement. In the event that this Amendment shall become null, void and of no force or effect as a result of this paragraph, the Agreement in its entirety, as originally approved by the Village and not as amended by this Amendment, shall be reinstated and be in full force and effect relative to the Property.

18. **Effectiveness of the Agreement.** The Agreement, except to the extent amended by this Amendment, remains in full force and effect as if fully set forth herein.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals to this Amendment as of the day and year first above written.

MEMORANDUM

TO: William T. Lichter, Village Manager

FROM: David A. Hulseberg, AICP, Director of Community Development *DAH*

DATE: October 7, 2004

SUBJECT: **PC 04-25: 201, 205 and 211 E. Roosevelt Road; 1200 S. Highland Avenue; and 112-116 & 120-124 E. 13th Street (Southwest Corner of Roosevelt Road & Highland Avenue) – Modified Agreement**

On the October 7, 2004 Village Board agenda is a first amendment to an annexation agreement for the property noted above. After the agreement was placed in the Board packet agenda, the petitioner's Counsel offered a few additional updates for clarity purposes. The revisions:

1. incorporate the conditions of approval from the Plan Commission into the agreement;
2. clarify the manner by which the future property owners would be obligated to pay into a future special assessment for right-of-way improvements to 13th Street (this amendment was requested by staff); and
3. insert of the name of one of the Exhibits.

Village Counsel has reviewed the latest changes and finds them acceptable. Staff has attached a redlined copy of the latest agreement for your consideration at the October 7, 2004 meeting.

(b) The condition described in Section 23(B)(4) of the Agreement has been fully and completely satisfied in accordance with the terms of the Agreement.

(c) The Village is not owed any monies pursuant to Section 23(H) of the Agreement. Developer agrees that, concurrently with the approval of this Amendment, it shall reimburse the Village for the following expenses incurred in the preparation and

review of this Amendment, and any ordinances, letters of credit, plats, easements or other documents in connection with this Amendment: (i) the reasonable costs incurred by the Village for engineering services; (ii) all reasonable attorneys' fees incurred by the Village in connection with the preparation and review of this Amendment; and (iii) miscellaneous Village expenses, such as legal publication costs, recording fees and copying expense.

15. **Additional Development Provisions**. Notwithstanding any provision of the Agreement or this Amendment to the contrary, the Village and Developer agree as follows:

(a) **Cross Parking and Cross Access**. (i) The lots of record that, from time to time, form a part of the Subject Property, whether now existing or hereafter created, are individually referred to in this Amendment, including this Paragraph 15(a), as a "Lot", and are collectively referred to in this Amendment, including this Paragraph 15(a), as the "Lots". All specific Lot number references in this Amendment are references to the Lot numbers shown on the Plat.

(ii) Each owner of a Lot (the "Grantor Owner") shall permit each other owner of a Lot, and such other owner's respective tenants and occupants from time to time, along with their invitees, the non-exclusive right at all times to park vehicles in any of the parking spaces provided for from time to time on the Grantor Owner's Lot, except those spaces, if any, which are designated or reserved for employee only parking.

(iii) The owners from time to time of each of the Lots comprising the Subject Property, and the respective tenants and occupants from time to time of each of those Lots, along with their invitees, shall each have the non-exclusive right at all times to have vehicular access on, over and across the interior drive aisles forming a part of the development hereafter constructed on the Subject Property (the "Development") from time to time.

(iv) Such cross parking and access rights shall be reflected in a non-exclusive perpetual easement that is appurtenant to each of the benefited Lots, as set forth above, and that is recorded against the Subject Property.

(b) **13th Street Improvements**. (i) Developer covenants and agrees to do or cause to be done the following improvements to 13th Street, at Developer's sole cost and expense, contemporaneously with its development of Lot 1 and Lot 2 (collectively, the "13th Street Phase I Improvements"): (A) the installation of approximately 1,800 square feet of new concrete sidewalk along the north side of 13th Street for the length of the Subject Property's frontage along 13th Street; (B) the planting of seven (7) parkway trees in connection therewith, such planting to occur at fifty foot (50') intervals for the length of the Subject Property's frontage along 13th Street; and (C) milling and overlay work for the temporary resurfacing of 13th Street for the length of the Subject Property's frontage along 13th Street, which work comprises approximately 1,025 square yards of street resurfacing. The 13th Street Phase I Improvements shall be done in accordance with plans and specifications that are approved by the Village Engineer.

(ii) Developer covenants and agrees to do or cause to be done the following improvements to 13th Street (collectively, the “13th Street Phase II Improvements”): (A) widen 13th Street for the length of the Subject Property’s frontage along 13th Street to a paved width that is equal to the current paved width of 13th Street along the frontage of the property that is immediately south of the Subject Property at its southeast corner, such widening to be for the full pavement depth of 13th Street and to comprise an area of approximately 640 square yards; provided, however, that such widening falls within then existing public right of way; and (B) install curb and gutter (approximately 720 lineal feet), five (5) decorative street lights, and storm sewer work in connection therewith, the latter of which shall consist of (u) approximately 72 lineal feet of 12” reinforced concrete pipe (“RCP”), (v) approximately 305 lineal feet of 15” RCP, (w) four (4) 48” diameter storm manholes, (x) two (2) 24” diameter storm inlets, (y) approximately 76 lineal feet of trench backfilling, and (z) the coring of one (1) existing manhole. The 13th Street Phase II Improvements shall be done in accordance with plans and specifications that are approved by the Village Engineer.

(iii) Provided Developer has performed the 13th Street Phase I Improvements, Developer shall commence the 13th Street Phase II Improvements no later than the date that is the fifth (5th) anniversary of the date of this Amendment (the “**Commencement Date**”) and shall complete the same within one hundred eighty (180) days of the start of construction, subject to extension due to force majeure events or other reasons, not including financial, beyond the reasonable control of Developer.

(iv) ~~Developer~~(A) The record owner or owners of the Lots comprising the Subject Property from time to time will pay for 50% of the cost of the 13th Street Phase II Improvements (such 50% share being hereinafter referred to as the “Subject Property’s Pro Rata Share”) and the Village will pay, or cause other benefiting property owners to pay, for the remaining fifty percent (50%) of the cost of the 13th Street Phase II Improvements. The Village may, at its election, pay for 100% of the cost of the 13th Street Phase II Improvements and create a Special Assessment Area (an “SSA”) which includes the Subject Property, in which event, ~~Developer~~the record owner or owners of the Lots comprising the Subject Property from time to time shall reimburse the Village in equal annual installments the Developer’s 50% share Subject Property’s Pro Rata Share of the cost of the 13th Street Phase II Improvements pursuant to said Special Assessment proceeding, with such Special Assessment proceeding to provide for not less than five (5) annual installments nor more than fifteen (15) annual installments.

(B) In the event an SAA shall be created as a means of paying for the Subject Property’s Pro Rata Share of the 13th Street Phase II Improvements, then, notwithstanding any provision of this subparagraph (iv) to the contrary, each record owner of any Lot forming a part of the Subject Property from time to time (other than only a lot whose principal purpose is to serve as the location of a storm water management facility for the Development (the “Excluded Lot”)) shall be severally liable for a proportionate share of the Subject Property’s Pro Rata Share of the cost of 13th Street Phase II Improvements. Such proportionate share shall be determined for each Lot (other than the Excluded Lot) by multiplying the sum of money represented by the Subject Property’s Pro Rata Share by a fraction, the numerator of which is the square feet of land area comprising the Lot in

question and the denominator of which is total square feet of land area of all of the Lots (other than the Excluded Lot) comprising the Subject Property.

(c) *Demolition of Tavern.* (i) A portion of the Subject Property is subject to a lease dated as of June 1, 1996 by and between one of the current owners of the Adjacent Property, Michelle Trust No. 9 dated December 20, 1996, as landlord, and Edward J. Riley and James Allman, collectively as tenant (the “**Tavern Lease**”). The Tavern Lease pertains to a 27,000 square foot area of the Adjacent Property on which is located a restaurant/bar building commonly known as Riley’s Classic Sports and Eatery (the “**Tavern**”) and a related off-street parking area. The term of the Tavern Lease expires by its terms June 30, 2006 (the “**Termination Date**”).

(ii) Developer, for itself and for each successor owner of the Subject Property, covenants and agrees as follows with respect to the Tavern and the Tavern Lease: (A) Developer will demolish or cause to be demolished the Tavern (the “**Demolition Work**”) within 120 days of the expiration or earlier termination of the Tavern Lease, subject, however, to the extension of such date due to force majeure events or other reasons, not including financial, beyond the reasonable control of Developer (such 120th day, as so extended, if at all, being the “**Outside Completion Date**”); (B) Developer will not amend the Tavern Lease to extend the term of thereof, as set forth above; (C) Developer will not grant the tenant under the Tavern Lease the right to keep or maintain the Tavern on any of the Subject Property after the earlier to occur of (x) the Termination Date, or (y) if applicable, the earlier termination of the Tavern Lease; (D) as security for Developer’s obligation to do or cause to be done the Demolition Work, Developer will provide to the Village (by no later than, and as a condition of, the issuance of the first occupancy permit for either Lot 1 or Lot 2) a bond or other form of security in the amount of the reasonably estimated costs of the Demolition Work and, in either case, in form and substance and issued by a surety or financial institution reasonably acceptable to the Village (the “**Demolition Work Completion Security**”); and (E) in the event that Developer fails to complete or cause to be completed the Demolition Work by the Outside Completion Date, then Developer hereby grants the Village the right to do or cause to be done the Demolition Work with its own forces, to use the Demolition Work Completion Security for such purposes, and to have access on, over and across the Subject Property as is reasonably necessary for such purposes; provided, however, before the Village may exercise the foregoing right, the Village shall have first notified the Developer that the Demolition Work has not been completed by the Outside Completion Date, and a period of thirty (30) days after the Developer’s receipt of such notice shall have elapsed without the completion of the Demolition Work.

(d) *Garfield Street Improvements.* Developer covenants and agrees to do or cause to be done, at its sole cost and expense, the following improvements to Garfield Street contemporaneously with its development of Lot 3 (collectively, the “**Garfield Street Phase I Improvements**”): (i) the installation of approximately 1,825 lineal feet of new concrete sidewalk along the east side of Garfield Street between 13th Street and Roosevelt Road; (ii) the planting of seven (7) parkway trees in connection therewith; and (iii) the installation of four (4) decorative street lights also in connection with the

foregoing improvements. The Garfield Street Phase I Improvements shall be done in accordance with plans and specifications that are approved by the Village Engineer.

(e) Phasing of Work. (i) The Village acknowledges that the Developer intends to construct the Development in two (2) phases, with the earthwork, utilities, storm water management, paving, lighting, landscaping and building construction work for Lots 1, 2 and 4 being undertaken (the "**Phase I Improvements**") prior to the time that improvements for Lot 3 and Lot 5 (the "**Phase II Improvements**") are commenced. The Village agrees that it will issue construction and occupancy permits and certificates for the Phase I Improvements hereto notwithstanding that the Phase II Improvements may not have been commenced (or, if commenced, may not have been completed) at the time of an application to the Village for any one or more of the construction and occupancy permits for the Phase I Improvements.

(ii) The Village acknowledges and agrees that the size of the retail and/or restaurant building or buildings that Developer shall be permitted to construct as part of the Phase II Improvements shall be determined by the bulk regulations of the Zoning Ordinance, as then in effect, including the amount of off street parking then required by the Zoning Ordinance for the proposed use or uses.

16. Exhibits. All exhibits that are attached to and made of the Agreement (the "**Old Exhibits**") are hereby superceded by the exhibits that are attached to and made a part of this Amendment (the "**New Exhibits**"). Accordingly, the Old Exhibits are no longer of any force or effect, and the New Exhibits, alone, shall be deemed to be controlling.

17. Closing Condition. Notwithstanding any provision of this Amendment to the contrary, it is understood and agreed that this Amendment and the mutual covenants, promises and obligations of each of the parties hereto is contingent upon Developer having acquired fee simple title to the Adjacent Property on or before December 31, 2004. Accordingly, this Amendment shall be null, void and of no force and effect unless, by no later than December 31, 2004, (a) the current titleholder of the Adjacent Property shall have conveyed legal title to the Adjacent Property to the Developer, and (b) the Developer shall have provided written notice to the Village of the date of such acquisition (the "**Acquisition Notice**"). The Village and the Developer may agree in writing to extend the said December 31, 2004 date without the same being deemed to be an amendment to this Agreement. In the event that this Amendment shall become null, void and of no force or effect as a result of this paragraph, the Agreement in its entirety, as originally approved by the Village and not as amended by this Amendment, shall be reinstated and be in full force and effect relative to the Property.

18. Effectiveness of the Agreement. The Agreement, except to the extent amended by this Amendment, remains in full force and effect as if fully set forth herein.

IN WITNESS WHEREOF, the parties hereto have set their hands and seals to this Amendment as of the day and year first above written.
