Subject: September Meeting Item 1—700 Charlotte Block Parking Restriction

The Village received a request from the residents on the 700 block of Charlotte Street (Harrison Road to Harding Road) to receive limited parking restriction signage on their block. Two of the residents also contacted Village staff regarding this request. The residents stated that students appear to be parking at this location during school hours with a shortage of parking on school property. Difficult driveway access and garbage pickup were also some provided concerns. The residents submitted the attached signed petition with eleven (11) of the eighteen (18) total households represented, which is a majority in favor of the change.

This block lies three blocks (1/3 mile) from Glenbard East High School and two blocks (1/5 mile) from Hammerschmidt Elementary School. It appears that this block is one of the closest locations to Glenbard East High School without parking restrictions. Streets south and west of the location typically have no parking allowed between 9 a.m. - 3 p.m. on school days. Please see the attached exhibit for an existing overview map of parking restrictions around Glenbard East High School.

Village staff visited the location and noted twenty-four (24) parked vehicles along the block. Any vehicles related to school parking may move to nearby streets without restrictions. The proposed restriction would be between 9 a.m. - 3 p.m. on school days on Charlotte Street from Harrison Road to Harding Road.

Staff recommends approval of the proposed parking restriction.
