## MEMORANDUM

**TO:** Board of Building Appeals Members

**FROM:** Keith N. Steiskal, Building Official

**DATE:** September 7, 2016

**SUBJECT: PERMIT FEE SCHEDULE AMENDMENT – CHAPTER 150.141 OF THE VILLAGE CODE**

Staff is offering a minor amendment reestablishing a fee schedule pertaining to unmetered water usage.

Reestablishing the unmetered water meter fee will allow for water meters to be installed at the end of construction projects rather than in the middle. This will lessen the responsibility of the Builders as well as reduce the chances of damage to the meters through freezing or other physical damage. The fee recommended is the same fee as used in the past with no increase.

Attached is the proposed amendment to the fee ordinance.

### **ACTION REQUESTED**

Staff seeks the input regarding the proposed amendments at the scheduled BOBA meeting and recommends approval of the amendments to Chapter 150.141(o).

§ 150.141 - Permit fees.

Examples where such fees may apply are as follows: Plan review of smoke control systems; Life Safety plan review for covered malls or other similar type structures; plan review of projects where performance based design is used to comply with codes.

(X) Engineering plan review and inspection of public improvements shall be subject to the following fees:

- (1) *First engineering review and comments on engineering plan*—One percent of engineer's estimated cost of all public improvements as defined in title 15, chapter 15, § 154.703 of this Code plus \$500.00.
- (2) *Subsequent engineering plan reviews and comments necessary for same project*—At cost of time and materials as billed by staff or consultant.
- (3) *Inspection of project improvements*—Three percent of engineer's estimated cost all public improvements as defined in title 15, chapter 15, § 154.703 of this Code. Inspections conducted after 4:00 p.m. on weekdays and at any time on weekends and holidays, when available, shall be billed at a rate of \$100.00 per hour with a minimum of one hour charged to the permittee beginning at the scheduled starting time, including no-shows. Said inspection fee shall be in addition to the normal three percent fee referenced in the first sentence of this subsection.
- (4) The engineering review and inspection fee for a new single family residence shall be \$125.00 per lot for each vacant lot that is part of a major plat of subdivision and \$360.00 per lot for an infill or teardown lot.
- (5) No construction permits shall be issued by the village until all engineering plan review fees have been paid.

- (6) No occupancy certificates shall be issued by the village until all outstanding engineering fees have been paid.
- (7) Fill and grading permit fees can be found under article XV, chapter 150, grade changes (§§ 150.280—150.287).
- (8) Parking lots: This subsection includes all paved surfaces on a property, including but not limited to parking areas, drive aisles, and driveways. Rehabilitation for purposes of this subsection refers to any removal or placement of pavement (asphalt, concrete, etc.) .
  - (a) A permit is not required for rehabilitation for areas under 25 percent of the paved surfaces on a site.
  - (b) A permit is required for rehabilitation of equal to or more than 25 percent of the paved surface on a site.
  - (c) Rehabilitation for areas of between 25 percent and 50 percent of the paved surface requires a contractor proposal and striping plan for ADA compliance.
  - (d) Rehabilitation for greater than 50 percent of the paved surface requires compliance with subsection (c) above, plus the following:
    - (i) Plans to demonstrate compliance with landscaping and parking requirements.
    - (ii) A proof roll to determine if under cuts are required, unless the work is limited to a mill and overlay. The proof roll is a required inspection and should be scheduled at least 24 hours beforehand.
    - (iii) The owner shall employ a geotechnical testing service to witness the proof roll and to take nuclear densities of the binder and surface.
    - (iv) New asphalt shall be a minimum of one and one half inches of surface on two inches of binder.
    - (v) If grading changes are proposed, additional information may be required.
  - (e) Engineering review and inspection fees for rehabilitation of up to 50 percent of the paved surface shall be \$68.00.
  - (f) Parking lot additions engineering review and inspection fees set forth in subsections (1), (2) and (3) above.
- (Y) *Government entities.* Requirements relative to fees, bonds and letters of credit shall be waived in accordance with §§ 14.01 and 14.02 of this Code.
- (Z) *Plan review fees.* Traffic Impact Advisory Services: In addition to other fees established by this ordinance, all applications for building permits that have a substantial traffic impact as determined by the Inter-Departmental Review Committee, shall be accompanied by a deposit of \$1,000.00 to be used for traffic impact analysis services. If the village's costs for such services exceeds the deposit, the applicant shall reimburse the additional costs incurred by the village. If such costs are less than the deposit, the village shall return the difference to the applicant. The total cost incurred by the applicant for such services shall not exceed \$10,000.00. Until such time that the Village has received final payment of all traffic advisory services fees, no permits for the use or development of land shall be issued. Plan review fees shall be paid if plan review has been completed. This would apply even if the permit applicant withdraws the permit, or does not pick up the permit.
- (AA) *Overtime inspection fees.* Inspections conducted before 7:30 a.m. or after 5:00 p.m. on weekdays and at any time on weekends and holidays, when available, shall be billed at a rate of \$100.00 per hour per inspector with a minimum of one hour charged to the permittee beginning at the scheduled starting time, including no-shows. Said inspection fee shall be in addition to any requisite fees referenced within this subsection or as set forth within § 16.01 of the Village Code, whichever is greater, and shall be paid prior to issuance of any certificates of occupancy or approval of final

inspections. The aforementioned fee shall not apply for permitted projects being undertaken by the owner/occupant of a single-family residence.

Availability of inspection staff to perform inspection activities outside of regular business hours is subject to the discretion of the Director of Community Development, who may offer such services, subject to staffing levels, costs and inspector availability. For inspections associated with a special/temporary event application, the aforementioned billing rate can be waived, per § 110.45 of the Village Code, subject to prior approval by the Village Manager or his/her designee.

**Subject: Text Amendments to the Building Code (Building Permit Fee Schedule)**

Dear President and Trustees:

Your Board of Building Appeals transmits for your consideration its recommendation regarding the above-referenced petition. The petitioner requests amendments to Chapter 150 of the Code of Ordinances (i.e., the Building Code).

The Board of Building Appeals met on September 7, 2016. Keith Steiskal, Building Official, introduced the proposed text amendments to Chapter 150 of the Village. He offered a minor amendment reestablishing a fee schedule pertaining to unmetered water usage. Reestablishing the unmetered water meter fee will allow for water meters to be installed at the end of construction projects rather than in the middle. This will lessen the responsibility of the builders as well as reduce the chances of damage to the meters through freezing or other physical damage. The fee recommended is the same fee as used in the past. He also noted that this was supported by many builders as it avoids the need to come in for replacement meters and administer the replacement program. He also noted that Public Works will be taking on the role of administering many aspects of the meter program and will be installing the meters at the final inspection. He noted that this will also help builders close out project and not have to address billing issues. Staff seeks approval of the amendments.

On a motion by Mr. Bernardi, and a second by Mr. Cullen, the Board of Building Appeals voted 5 to 0 to recommend to the Village Board approval of the proposed text amendments to Chapter 150.

Respectfully,

**VILLAGE OF LOMBARD**

Board of Building Appeals
