Subject: Wavier of bids for Area Reflective Crack Control Treatment

Included in the FY2010 budget for Capital Improvement Projects Streets Maintenance was the use of Area Reflective Crack Control Treatment on certain streets during the FY2010 In-house Grind and Overlay Program. PW has investigated suppliers of this product including installation in the Chicago area. There are only two suppliers in the Chicago area for this product and both materials meet IDOT specifications. PW requested quotes from both suppliers for the FY 2010 project the results are as follows:

Tru-Seal, Inc., Barrington, Illinois	\$36,750.00
Road Fabrics, Inc., Carol Stream, Illinois	\$43,920.00

Therefore, PW is requesting a waiver of bids and an award of a contract to Tru-Seal, Inc. in the amount of \$36,750.00 to supply and install the Area Reflective Crack Control Treatment on selected streets as part of the In-House Grind and Overlay Program for FY2010.

Please place this item on the Village Board agenda for October 1, 2009.
