Subject: Traffic Code Update - St. Charles Road

Staff requests that the Committee recommend the attached Traffic Code changes, which bring the Traffic Code in-line with the Downtown Traffic Improvement Study recommendations for parking and no-parking zones along St. Charles Road, from Route 53 to Westmore-Meyers Road. St. Charles Road was signed in accordance with the traffic study recommendations on June 2004. The only change that will occur as a result of this housekeeping update is that the first parking stall on the north side of St. Charles Road, west of Main Street, will be removed.

This item will be on the November 6, 2006 Transportation and Safety Committee agenda. The meeting is held at the Village Hall in the Community Room at 7:00 PM.
