Liquidated Damages

The Contractor "Globe Construction" is solely responsible for completing all work assigned under this Contract by the scheduled completion date of October 30, 2020 of this year ("Final Completion Date"). Additionally, the Contractor is solely responsible for commencing work assigned relative to a particular area of roadway within ten (10) calendar days of a written work assignment ("Assignment Commencement Date") delivered to the Contractor by the Village's Director of Public Works or his/her designee, and the Contractor shall complete said work by the date set forth in the written work assignment ("Assignment Completion Date"). These responsibilities include all work of the Contractor and that of its Subcontractors and suppliers. The Contractor acknowledges that the Village will suffer financial loss, and there will be disruption to the Village and the normal and orderly use of its roadways, if the Final Completion Date, an Assignment Commencement Date or an Assignment Completion Date is not met by the Contractor. The Contractor further acknowledges that the measure of such loss and the disruption to the Village and the use of its roadways would not be susceptible to precise calculation. To protect the Village against said loss and disruption to the Village and the use of its roadways and not as a penalty, the Village and the Contractor hereby agree that the Contractor and the Contractor's Surety, if any, shall be liable for and shall pay to the Village, liquidated damages of \$500.00 per day for each calendar day of delay in meeting the Final Completion Date, an Assignment Commencement Date or an Assignment Completion Date. The liquidated damages herein specified shall only apply to Contractor's delay in performance. Liquidated damages are intended only to compensate the Village for additional personnel efforts in administering the Contract after normally scheduled completion dates, Village inconvenience, lost opportunities, and lost confidence in government and morale of government by delays in completing the work. In order to recover liquidated damages, the Village is under no obligation to prove the actual damages sustained by the Village due to the Contractor's delay in performance, and the parties acknowledge that the amount of liquidated Damages hereunder is reasonable. In the event this liquidate damages provision is found to be unenforceable, the Village shall be entitled to recover its actual damages, including consequential, incidental or indirect damages, for a failure to complete the work by the scheduled completion dates.

If the Contractor is delayed at any time in the commencement, progress or completion of assigned work by (1) an act or neglect of the Village, or that of an employee of the Village; (2) by labor disputes, fire, unusual delay in deliveries, unavoidable casualties, adverse weather conditions documented by the Contractor, or other causes beyond the Contractor's control; (3) by delay authorized by the Village; or (4) by other causes that the Contractor asserts, and the Village determines, justify delay, then the Final Completion Date, an Assignment Commencement Date or an Assignment Completion Date shall be extended for such reasonable time as the Village may determine. Where a delay occurs that is beyond the Contractor's control, the Contractor has an affirmative duty to mitigate the effect of that delay on the progress of the assigned work. An extension of the Final Completion Date, an Assignment Commencement Date or an Assignment Completion Date will not be granted to the extent that the Contractor breaches said duty to mitigate. Any delay caused by the deployment of employees, equipment, materials or supplies of the Contractor to another project shall not serve as a basis for an extension of time hereunder.

Payments of liquidated damages are in addition to other direct damages that may be incurred by the Village and not a penalty. All such liquidated damages may be set-off against any monies that may be due the Contractor. The Village's approval or making of progress payments or final payment, with or without knowledge that the work was untimely, shall not constitute or

be deemed a waiver of the Village's rights or claims, or of the Village's ability to receive liquidated damages under the Contract or common law.
