Subject: Overhead Sewer Grant Program Additional Funding

---

Due to the flooding caused by the July 23<sup>rd</sup> -24<sup>th</sup> storm, resident interest in the Overhead Sewer Grant program has increased significantly. The original budget allocated \$50,000 to this program. The Board of Trustees approved an increase of funding in the amount of \$50,000 at the September 2, 2010 meeting. To date the Village has paid out \$64,150 and approved funding in the amount of \$29,655. An additional 14 applications have been submitted for approval totaling \$82,332. As such, I respectfully request additional funding in the amount of \$100,000 for the Overhead Sewer Grant program for FY 2011. There have been savings on several projects due to favorable bids, so existing funds could be reallocated or funds could be used from the Water and Sewer Capital Reserve Fund.

Please present this item to the Village Board of Trustees for their consideration at their next regular meeting on November 4, 2010.
