Stewart Avenue – Madison Street to Morningside Avenue  
Sunset Avenue – Kramer Avenue to Westwood Avenue  
West Road – Greenfield Avenue to View Street  
Fire Station No. 45 – concrete driveway apron off St. Charles Road

With the implementation 6 years ago of the Asset Management System, decision making has been greatly improved. Data regarding the condition of streets and utilities, coming from our pavement ratings inventory and the resulting OCI reports, have been used again this year in aiding of the selection of streets to be resurfaced. The estimated cost of the recommended improvements for both programs is \$2,809,000.00.

A determination of roadways to be paved by the Contractor and those paved by Village staff will be made prior to the bid.

The targeted letting date for this project is April 23, 2024. Please provide a recommendation at your earliest convenience so that plans can be finalized and advertised for bid.

# 2024 Roadway Improvements

- Asphalt Resurfacing
- Concrete Panel Replacements
