Subject: **Waiver of Bids-Water Meters**

In the late 1980's, the Village upgraded the water meters throughout the town and standardized the water meters and reading system to use the Sensus brand meters, associated reading equipment and software. The meters and reading equipment have performed satisfactorily during this time. Each year new meters are budgeted for replacement of existing meters, upsizing existing meters, new construction and rental meters. A total of \$43,150 is budgeted for in the FY 09/10 budget for meters and accessories (touchpads, wire, connections) in account 7735.733240. Attached is a copy of prices for new and exchanged meters and accessories.

Please present this request to the Board of Trustees for a waiver of bids for purchasing water meters and accessories, in the amount not to exceed \$43,150, from HD Waterworks Supply, Carol Stream, IL, who is the sole supplier, at their June 18, 2009 meeting.
