

MEMORANDUM

TO: David A. Hulseberg, Village Manager

FROM: Nick Hatfield, PE, Development Engineer

DATE: August 6, 2008

**SUBJECT: ACCEPTANCE OF PUBLIC FIRE HYDRANT AT 2770 SOUTH
HIGHLAND AVENUE (HIGHLANDS III), IN LOMBARD, ILLINOIS**

The Private Engineering Services Division of the Community Development Department recommends that the Board of Trustees accept the public fire hydrant at 2770 South Highland Avenue (Highlands III). Attached is the updated utility map. Please present the attached resolution to the Board of Trustees at their August 20, 2009 meeting.

The stated improvement is acceptable since it was installed substantially to plan and passed all required tests. The Private Engineering Services Division has approved the project record drawings. The on-site sanitary sewer, fire suppression and water service lines, and the storm sewer will remain the responsibility of the property owner. The attached letter from the property owner clarifies that the water service is the owner's responsibility from the valves at the watermain to the building.
