From: David A. Dratnol, P.E., Village Engineer *DD*
Date: November 10, 2005
Subject: West Road "No Parking" Zone

In January, 1993, the Village received a request to post West Road "No Parking" due to vehicles parking too close to the intersection of West Road and St. Charles Road.

Currently West Road is posted "No Parking" from St. Charles Road to 95 feet north on the east side and to 150 feet on the west side. West Road is now an improved street and was slightly reconfigured. A new town home, built on the east side of West Road near St. Charles Road has a double wide driveway. This has eliminated the need to post the east side of West Road "No Parking". On the west side of West Road the "No Parking" zone can be shortened.

Staff recommends eliminating the "No Parking" zone on the east side of West Road and to revise the ordinance for the west side of West Road to read "West Road, west side, from St. Charles Road to a point 110 feet north".
